WINNIPEG STRIKE LEGAL EXPENSES CHARGED TO DEMOBILIZATION APPROPRIATION.

AUDITOR GENERAL'S OFFICE, February 3, 1920.

Sir,—Three Orders in Council have been passed authorizing sums, amounting in the aggregate to $105,000 to be set aside from the Demobilization Appropriation to meet legal expenses incurred in connection with the Winnipeg strike. I cannot see that the legal, or in fact any other expenditure connected with the strike, has any relation to the purposes for which that appropriation was provided. It is true that section 2 (*a*) of the Demobilization Act gives as one of the purposes to which the amount authorized may be applied "the defence and security of Canada," but I do not think that the suppression of strikes was contemplated under this heading, and certainly not the legal expenses arising out of such occurrences. Would it not be advisable to ask Parliament for a special vote in this matter?

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A. G.*

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, February 6, 1920.

Sir,—In reply to your letter of the 3rd instant with regard to the expenses in connection with the Winnipeg strike, I have to state that it seems to me that the purposes of the Demobilization Act are broadly expressed and entitled to an interpretation which might include many expenditures not foreseen which in one way or another find their origin in the war; moreover the Governor in Council is by the Act given a large discretion to regulate; I do not feel justified to deny that the revolutionary activities in Winnipeg and elsewhere are due in their conception or manifestation to war conditions, and I am of opinion that the Governor in Council has authority to provide for the payment of these expenses under items (a), (c) or (d) of section 2 of the said chapter 33 of 1919.

I am, sir, your obedient servant,

E. L. NEWCOMBE,

D. M. of Justice.

BATE, McMAHON & CO.: SETTLEMENT OF CONTRACT FOR CONSTRUCTION OF CAMP BORDEN TRAINING CAMP.

NOTE.—For previous correspondence on this subject see Auditor General's Report, 1916-17, page ZZ-292.

AUDITOR GENERAL'S OFFICE, November 18, 1918.

SIR,—Cheque No. 4072 was issued by Headquarters in July, 1918, as a final and supplementary settlement with Bate, McMahon & Company, on account of the Camp Borden contract. Among the papers attached to the abstract and vouchers covering this cheque I find the following memoranda to the chief accountant and signed by Geo. Bull:—

GRÈVE DE WINNIPEG.—DÉPENSES LÉGALES AU COMPTE DU CRÉDIT DE LICENCIEMENT.

BUREAU DE L'AUDITEUR GÉNÉRAL, 3 février 1920.

MONSIEUR,—Il a été passé trois arrêtés en Conseil autorisant le prélèvement de sommes s'élevant à un total de $105,000, sur les crédits de licenciement pour couvrir les dépenses légales encourues par la grève de Winnipeg.

Je ne vois pas comment les dépenses légales, ou en réalité toute autre dépense relative à la grève, aient quelque rapport avec les fins pour lesquelles ce crédit a été voté.

Il est vrai que l'article 2 (*a*) de la Loi de licenciement donne comme l'une des fins pour lesquelles le montant peut être appliqué "la défense et la sécurité du Canada"; mais je ne crois pas que la suppression des grèves soit comprise sous cette rubrique, encore moins les dépenses légales occasionnées par ces événements.

Ne serait-il pas à propos de demander un crédit spécial au parlement pour cette fin?

Je demeure, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND, *A.G.*

Au sous-ministre de la Justice.

MINISTÈRE DE LA JUSTICE, 6 février 1920.

MONSIEUR,—En réponse à votre lettre du 3 courant au sujet des dépenses se rattachant à la grève de Winnipeg, je dois vous dire qu'il me semble que les objets de la Loi de licenciement sont exposés au long et permettent une interprétation qui peut inclure bien des dépenses imprévues, lesquelles d'une manière ou d'une autre ont leur origine dans l'état de guerre; de plus, le Gouverneur en conseil a une grande latitude d'après la loi pour fixer les règles à suivre; et je ne crois pas justifiée l'opinion niant que les actes révolutionnaires de Winnipeg et ailleurs sont dus dans leur conception ou manifestation aux conditions de guerre, et je suis d'avis que le Gouverneur en conseil a le droit de pourvoir au paiement de ces dépenses sous les rubriques (*a*), (*c*) ou (*d*) de l'article 2 dudit chapitre 33 de 1919.

Je demeure, monsieur, votre obéissant serviteur,

E. L. NEWCOMBE, *sous-ministre de la Justice.*

Bate, McMahon & Co.:—Règlement de contrat pour construction du camp d'entraînement Borden.

NOTE.—Pour correspondence antérieure sur ce sujet, voir Rapport de l'Auditeur général, 1916-17, pages ZZ-292.

BUREAU DE L'AUDITEUR GÉNÉRAL, 18 novembre 1918.

MONSIEUR, — Un chèque portant le numéro 4072 a été émis par les quartiers généraux en juillet 1918 pour règlement final et supplémentaire avec Bate, McMahon & Company, au sujet du contrat du camp Borden. Parmi les papiers attachés au bordereau et aux pièces justificatives pour couvrir le montant de ce chèque, je trouve le mémoire suivant envoyé au comptable en chef et signé par Geo. Bull:

OTTAWA, July 10, 1918.

"After seeing Col. Low and Lt. Brown of the Enginer Services with the certificate they hold with the *Auditor General's signature,* I am passing the account of $20,337.39.

"The question of cement sacks, Y.M.C.A., would appear to have been satisfactorily explained.

"Although I do not personally agree with some of the previous payments the certificate of the D.G. of E. S. protects this Branch."

"OTTAWA, July 11, 1918.

"I am recommending the payment of the Bate, McMahon & Co., for final payment of the construction at Camp Borden for $20,337.39 as authorized by the certificate of the D.G. of E. & S. The question outstanding of insurance, demurrage, and cement sacks should be taken up with the Auditor General again as there still seems to be a difference of opinion as to whether these items are collectable or not. The charge for insurance is on account of Camp Sewell and should certainly not be deducted from any payment made on account of the contract at Camp Borden. The charge for demurrage would appear to me to be a straight charge to be borne by the department and if deducted from contract will only be charged back by the contractor plus 10 per cent. The items for cement sacks has been taken up with the Auditor General who has apparently never replied to the letter *stated* to have been sent by Lt. Brown of the Engineer Services.

"I can only repeat my recommendation that the whole of this contract be given over to the General Auditor to audit as there have been payments made which are certainly not covered by the contract."

Will you please inform me of the nature and effect of the certificate mentioned in the memorandum of July 10. Also please provide me with a copy of the letter of Lt. Brown (mentioned in the memorandum of July 11) stated to have been sent to this office. Some information as to the date upon which this letter was sent might also be supplied, as no letter corresponding to it is on file in this office. I might also point out that as I had raised objections to certain payments to this firm, it would have been proper to have submitted this settlement to me before payment, this more especially as my objections have been entirely ignored in the settlement. I should be glad to have your explanation of the course followed in this matter.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *Asst .A. G.*

The Deputy Minister, Militia and Defence.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, November 22, 1918.

SIR,—With reference to your letter of November 18.

In June the account of Bate, McMahon & Co., for construction of Camp Borden, certified by the Director General of Engineer Services for final and supplementary payment was passed to Mr. Bull, of the chief accountant's office, for examination and report for the acting chief accountant. A large number of items were questioned by

"OTTAWA, 10 juillet 1918.

"Après avoir vu le colonel Low et le lieutenant Brown du service du génie, et examiné le certificat portant la signature de l'auditeur général en leur possession, j'accepte le compte de $20,337.39. La question des sacs de ciment, Y.M.C.C., paraît être expliquée d'une manière satisfaisante.

"Bien que je ne sois pas personnellement favorable à quelques-uns des paiements antérieurs, le certificat du général de district du service du génie couvre la responsabilité de ce service.

"OTTAWA, 11 juillet 1918.

"Je recommande le paiement de la réclamation de Bate, McMahon & Co., pour paiement final de la construction du camp Borden pour $20,337.39 telle qu'autorisée par le certificat du général de district du service du génie. La question non réglée des assurances, des frais de starie et des sacs de ciment doit être étudiée de nouveau avec l'auditeur général, vu qu'il existe encore une divergence d'opinion sur le fait de décider si ces sommes peuvent être perçues ou non. La réclamation pour assurance est pour le camp Sewell et ne devrait certainement pas être déduite d'aucun paiement fait au compte du contrat pour le camp Borden. La réclamation pour frais de starie me paraît être parfaitement juste et imputable au département, et si elle est déduite du contrat, elle peut être imputée de nouveau par l'entrepreneur en y ajoutant 10 pour 100. L'item des sacs de ciment a été étudié avec l'auditeur général qui apparemment n'a jamais répondu à la lettre citée comme ayant été envoyée par le lieutenant Brown du service du génie.

Je ne puis que réitérer ma recommandation que tout ce qui concerne ce contrat soit remis à l'auditeur général pour vérification, car il a été fait des paiements qui certainement n'étaient pas compris dans le contrat."

Voudriez-vous, s'il vous plaît, m'informer de la nature et de l'effet du certificat mentionné dans le mémorandum du 10 juillet. Veuillez aussi me faire parvenir copie de la lettre du lieutenant Brown (mentionnée dans le mémorandum du 11 juillet) et que l'on affirme avoir été envoyée à ce bureau. J'aimerais aussi recevoir quelques renseignements quant à la date où cette lettre a été envoyée, car aucune lettre correspondant à cela n'a été classée dans ce bureau.

Comme j'ai déjà soulevé quelques objections au sujet de certains paiements à cette compagnie, je désirerais en outre faire remarquer qu'il aurait été plus régulier de me soumettre ce règlement avant de le payer, et cela d'autant plus qu'on n'a tenu absolument aucun compte de mes observations dans le règlement. Je serais heureux de recevoir de vous quelques explications au sujet de la conduite suivie en cette circonstance.

Je demeure, Monsieur,
Votre obéissant serviteur,
E. D. SUTHERLAND, *A.G.*

Le sous-ministre de la Milice et de la Défense.

MINISTÈRE DE LA MILICE ET DE LA DÉFENSE,

OTTAWA, 22 novembre 1918.

MONSIEUR, — En ce qui concerne votre lettre du 18 novembre, je dois vous informer que le compte de Bate, McMahon & Co., pour construction du camp Borden, et certifié par le directeur général du service du génie pour paiement final et supplémen-

him, among these being points raised by the Auditor General. During this period Col. Low, of Bate, McMahon & Co., called at the chief accountant's office and pressed for payment. The various outstanding items were all taken up with him and he was informed that the Auditor General's office had taken exception to certain payments. Col. Low then informed the acting chief accountant that the Auditor General had personally certified to these items and produced documents initialled by the Auditor General which satisfied the acting chief accountant that the matter had been settled. These are the certificates referred to in Mr. Bull's minute to the chief accountant and presumably are in the possession of Col. Low. The letter "stated to have been sent," by Lieut. Brown is a memorandum sent on April 29, 1918, to chief accountant by Director General of Engineer Services, Lieut. Brown being employed in the office of the latter officer. The fact that this minute of Director General of Engineer Services together with Bate, McMahon's letter attached was intended for the information of the Auditor General was quite unintentionally overlooked until settlement was made on 12th July, 1918, at which date it was presumed by the acting chief accountant that the Auditor General had approved. If the claim of Lt.-Col. Robert Low, Manager of Bate, McMahon & Co. that the contentious items had been personally approved by the Auditor General, of which the acting chief accountant appears to have satisfied himself, it would seem that this department should have been advised officially. Mr. Bull's departmental minutes were personal to acting chief accountant, as Mr. Bull holds no official status in the department, and might reasonably have been returned without official comment.

There are still some outstanding items in this account which have been claimed but not paid, and as there will be future payments made to these contractors on other accounts, I would recommend to finally dispose of any differences, that representatives of the Auditor General, the general auditor of this department and Messrs. Bate, McMahon & Co. go over the accounts and reach a decision once and for all.

I would be glad to have an indication of your concurrence and suggest that you name the time and place.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, December 3, 1918.

SIR,—I beg to acknowledge receipt of your letter of November 22, last, addressed to the Auditor General and referring to the contract of Bate, McMahon & Co., for construction of Camp Borden. As the Auditor General is ill and unable to give personal attention to this matter, I have to ask you to forward to this office the documents mentioned in the third paragraph of your letter. I may say that our record of the matter does not show that the Auditor General personally certified to the disputed

taire, a été transféré en juin à M. Bull, au bureau du comptable en chef, pour examen et rapport par l'adjoint du comptable en chef. Bon nombre d'articles furent alors mis en doute par lui, et parmi ceux-là se trouvaient ceux soulevés par l'auditeur général.

Sur ces entrefaites, le colonel Low, de Bate, McMahon & Co. se présenta au bureau du comptable en chef, et demanda avec instance que le paiement du compte fût fait. Tous les articles en litige furent alors examinés avec lui, et il fut informé que le bureau de l'auditeur général s'était opposé à certains paiements.

Le colonel Low informa alors l'adjoint du comptable en chef que l'auditeur général avait personnellement certifié lesdits articles, et il produisit des documents parafés par l'auditeur général qui convainquirent l'adjoint du comptable en chef que la chose avait été réglée. Ces documents sont les certificats dont parle M. Bull dans sa note au comptable en chef, et qui doivent être en la possession du colonel Low.

La lettre qu'on annonce comme ayant été envoyée par le lieutenant Brown est un mémorandum adressé le 29 avril 1918 au comptable en chef par le directeur général du service du génie, le lieutenant Brown étant employé dans le bureau de ce dernier officier. Ce mémorandum du directuer général du service du génie, ainsi que la lettre de Bate, McMahon qui y était annexée, n'étaient destinés qu'à l'auditeur général. Mais, sans le vouloir, il ne fut tenu aucun compte de cela avant le 12 juillet 1918, alors que l'adjoint du comptable en chef pouvait présumer que l'auditeur général avait donné son approbation.

Si l'on doit croire ce qu'affirme le lieutenant-colonel Robert Low, gérant de Bate, McMahon & Co., que l'adjoint du comptable en chef semble avoir été convaincu que les articles contentieux avaient été personnellement approuvés par l'auditeur général, alors il semblerait qu'avis de la chose aurait dû en être notifié à ce bureau officiellement.

La note de M. Bull à l'adjoint du comptable en chef avait été envoyée à titre personnel, car M. Bull n'a aucune attache officielle avec le département, et alors on pouvait s'attendre à ce que cette note pût être retournée sans commentaires officiels.

Il y a encore, dans ce compte, des articles en souffrance dont le paiement a été réclamé mais n'a pas été fait, et comme d'autres paiements doivent être faits pour d'autres comptes à ces entrepreneurs, je recommanderais, afin d'en finir avec ces désaccords, que ces comptes soient examinés par des représentants de l'auditeur général, et par l'auditeur général de ce département et les MM. Bate McMahon & Co., afin d'en finir une fois pour toutes et en arriver à une décision.

Je serais heureux de recevoir avis que vous me prêtez ici votre concours, et je vous demanderais alors de vouloir bien m'indiquer la date et l'endroit où nous pourrions nous réunir.

Je demeure votre obéissant serviteur,

AUG. FISET, *sous-ministre.*

L'Auditeur général.

BUREAU DE L'AUDITEUR GÉNÉRAL, 3 décembre 1918.

MONSIEUR,—J'accuse réception de votre lettre du 22 novembre dernier, adressée à l'auditeur général relativement au contrat de Bate, McMahan & Co., pour la construction du camp Borden.

Vu que l'auditeur général est malade et incapable de s'occuper personnellement de cette question, je vous demanderais de faire parvenir à ce bureau les documents mentionnés au trosième paragraphe de votre lettre. Je vous ferai remarquer que les dossiers que nous avons sur cette question n'indiquent aucunement que l'auditeur

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, December 19, 1918.

SIR,—With further reference to your letter of December 3 regarding certain documents in relation to contentious items charged by Messrs. Bate, McMahon & Co. in their account for Borden Camp construction, I may say that I have obtained the originals which have been shown to your Mr. Stockton, and I am enclosing herewith copies, as requested.

I have the honour to be, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, April 22, 1919.

SIR,—An Order in Council was passed on the 21st March, 1919, authorizing a payment of $31,548.80 to Messrs. Bate, McMahon & Co., for work performed in connection with the Connaught Rifle Ranges. Before paying this amount, the matter is being referred to you in connection with other accounts rendered by this company for work done at Borden Camp, Halifax, etc. Owing to the action of the late Auditor General, who personally initialled and passed favourably upon certain contentious items in the accounts of this company, in connection with Borden Camp, the position taken by this department is that these accounts should be finally adjusted by the Auditor General's office. Accordingly before payment is made on the Connaught Rifle Ranges account, would you be good enough to advise whether you wish payment withheld of the whole or any part of the above-mentioned amount until such time as the other account is settled. It should be pointed out, however, that the appropriation for payment of the $31,548.80 to Messrs. Bate, McMahon & Company for work on Connaught Rifle Range was voted last session, and will lapse in a short time.

May I have an early reply, please.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, April 30, 1919.

SIR,—I am in receipt of your letter of the 22nd instant, with reference to an Order in Council authorizing a payment of $31,548.80 to Messrs. Bate, McMahon & Company for work performed in connection with the Connaught Rifle Ranges. As

général ait personnellement autorisé le paiement des item en question dans ce compte, et qu'afin de faire la lumière sur cette question, il est nécessaire que vous nous fassiez parvenir les documents autorisés pour examen.

Je suis, monsieur, votre obéissant serviteur,

E. E. SUTHERLAND *auditeur général adjoint.*

Le sous-ministre, ministère de la Milice et de la Défense.

MINISTÈRE DE LA MILICE ET DE LA DÉFENSE, Ottawa, 19 décembre1918.

MONSIEUR,—Au sujet de votre lettre du 3 décembre concernant certains documents se rapportant aux item en litige inscrits par MM. Bate, McMahon & Co., dans leur compte pour la construction du camp Borden, je puis ajouter que je me suis procuré les originaux qui ont été montrés à votre M. Stockton, et je vous envoie des copies sous ce pli, tel que demandé.

J'ai l'honneur d'être, monsieur, vootre obéissant serviteur,

EUGENE FISET, *sous-ministre.*

L'Auditeur général.

MINISTÈRE DE LA MILICE ET DE LA DÉFENSE, OTTAWA, 22 avril 1919.

MONSIEUR,—Un arrêté en conseil a été adopté le 21 mars 1919, autorisant le paiement de la somme de $31,548.80 à messieurs Bate, McMahon & Co., pour du travail accompli relativement à la construction du champ de tir Connaught. Avant de payer cette somme, nous vous soumettons cette question ainsi que d'autres comptes produits par cette compagnie pour du travail accompli au camp Borden, à Halifax, etc.

Vu que l'auditeur général avail apposé ses initiales sur certains des item en litige dans les comptes de cette compagnie concernant le camp Borden et en avait ainsi autorisé le paiement, ce ministère est d'avis que ces comptes devraient être réglés de façon définitive par le bureau de l'auditeur général.

En conséquence, avant que nous réglions le compte concernant le champ de tir Connaught, seriez-vous assez bon de me faire savoir si vous désirez que l'on retienne le tout ou partie de la somme ci-dessus mentionnée jusqu'à ce que l'autre compte soit réglé.

Cependant, je vous ferai remarquer que le crédit requis pour payer la somme de $31,548.80 à Messieurs Bate, McMahon & Co., pour du travail accompli au champ de tir Connaught a été voté à la dernière session, et sera périmé en peu de temps.

Me ferez-vous la faveur de me répondre sous peu.

Je suis, monsieur, votre obéissant serviteur,

EUG. FISET, *sous-ministre.*

intimated in your letter, I have requested the accountant of your department not to make these payments until such times as adjustments were made in connection with expenditure under the War Appropriation, and I beg to enclose herewith a statement of items which have been allowed to this firm, but which it would appear doubtful as to whether they should be paid or not.

I am, sir, your obedient servant,

DEPARTMENT OF MILITIA AND DEFENCE,

OTTAWA, May 14, 1919.

SIR,—In reply to your letter of the 30th ultimo on the above subject, I enclose for your information statement giving further explanations and particulars regarding the different items which you categorize as doubtful as to whether they should be paid or not.

Having regard to the instructions from your office to the chief accountant of this department, that payment of $31,548.80 authorized by Order in Council to be made to Messrs. Bate, McMahon & Co. for work performed in connection with Connaught Rifle Range, was to be withheld until such time as adjustments are made on the items enumerated by you. I shall be glad to be informed at the earliest possible date, whether this payment may now be made, in view of the appropriation voted for this purpose being due to lapse very shortly.

J'ai demandé au comptable de votre ministère, comme vous le suggérez dans votre lettre, de ne pas faire ces paiements avant que l'on ait réglé les déboursés faits en vertu des Crédits de Guerre, et j'inclus sous ce pli un état des item dont le paiement à cette firme a été autorisé, mais dont le titre à paiement paraît douteux.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. suppléant.*

MINISTÈRE DE LA MILICE ET DE LA DÉFENSE, OTTAWA, 14 mai 1919.

MONSIEUR,—En réponse à votre lettre du 30 avril dernier sur les comptes de construction du camp Borden, je vous envoie sous ce pli pour votre gouverne un état donnant d'autres explications et d'autres détails concernant les différents item dont vous considérez le titre à paiement comme douteux.

Conformément aux instructions envoyées de votre bureau au comptable en chef de ce ministère, à savoir que le paiement de la somme de $31,548.80 autorisé à être fait à messieurs Bate, McMahon & Co., par arrêté en conseil, pour du travail accompli au champ de tir Connaught devait être déféré jusqu'à ce que vous ayez réglé les item énumérés, je serais heureux de savoir le plus tôt possible si ce paiement peut être fait maintenant, puisque les crédits votés à cette fin seront périmés sous peu.

If there are any further points to clear up, or any further information required by you in regard to this work this can readily be supplied by the Engineer Branch of this department, who had charge of the supervision of this contract and are in position to meet any such requirements.

Statement of information attached. I have not submitted these accounts to your representative the general auditor because you dealt with the subject matter yourself.

I have the honour to be, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

MEMORANDUM.

Item (1) Commission of 10 per cent on $9,050.20 for cement sacks. . . . . $ 905 02

Before this item was recommended for inclusion as to percentage in the first instance, it was only after full and exhaustive deliberation as to its eligibility in this regard; it being considered that the contractors had saved the department time, money and trouble, by their having been careful in the handling of these sacks, which are not accepted by the Cement Company if there is the slightest flaw in their condition. If the sacks had not been returned by Messrs. Bate, McMahon & Co., they would have been left for this department to return, in which case there would have been no question as to whether or not the contractors were entitled to their full percentage on the money expended by them. This is exactly what happened in the case of the construction of the Dominion Arsenal at Lindsay, where 9,550 cement bags were returned to the Canada Cement Co. by this department, and the credit for the returned sacks was given to this department by the Cement Co. However, Messrs. Westinghouse, Church, Kerr & Co., had been paid the full commission on the cement purchases, to which in the circumstances, and in terms of the contract, they were entitled, and regarding which no query has been raised.

Copy of contractors' reply attached.

Item (2) Balance due by Y.M.C.A. $3,656 61

" (3) Commission of 10 per cent. 1,565 66

The Y.M.C.A. proposed to construct a $45,000 building at their own expense. Revised plans were submitted for the department's approval, the above being considered excessive, and the work was commenced. In this connection the following telegrams were sent to Colonel Low:—

"Please meet Colonel Osborne's wishes regarding Y.M.C.A. and other matters." Dated June 20. (Sgd.) Sam Hughes.

"Will you please act on recommendations by General Logie regarding Y.M.C.A., theatres and other concessions. Colonel Deroche is to approve of plans and locations of buildings which of course will be uniform." Dated June 22nd. (Sgd.) Sam Hughes.

At the time, progress payments were being withheld from the contractors due to lack of authority, and in order to help their financial condition they collected $12,000 from the Y.M.C.A. on account, and had maintained from the start that they were merely carrying out the directions of the minister, and the department was really responsible for any collections.

The certified amount of the cost of the building signed by Mr. F. G. Gubbidge of the Y.M.C.A., was $17,222.27, against which they paid $12,000.

Si vous désirez faire la lumière sur d'autres points, ou obtenir d'autres renseignements en ce qui concerne ce travail, la division du Génie de ce ministère pourra vous les faire parvenir immédiatement, car elle a surveillé l'exécution de ces travaux et elle est en mesure de vous donner tous les renseignements désirés.

Etat des renseignements ci-joints. Je n'ai pas soumis ces comptes à votre représentant, l'auditeur général, parce que vous vous êtes occupé de cette question vous-même.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

EUG. FISET, *sous-ministre.*

L'Auditeur général.

MÉMOIRE.

Commission de 10% sur $9.050.20 pour sacs de ciment, $905.02.

Avant de recommander tout d'abord d'inclure cet item dans les droits de pourcentage, on s'est livré à une étude complète et générale des droits qu'il pouvait posséder à ce traitement; et on a tenu compte de ce que les entrepreneurs avaient économisé pour le département du temps et des dépenses de même qu'ils lui avaient évité des ennuis par le soin avec lequel ils ont manipulé ces sacs que la compagnie de ciment refuse d'accepter si elle constate la moindre défectuosité. Si ces sacs n'avaient pas été retournés par MM. Bate, McMahon & Co., ils seraient restés à la charge du département qui aurait eu à les retourner, et dans ce cas il n'y aurait plus eu de doute sur le droit des entrepreneurs à se faire rembourser plein pourcentage des frais encourus par eux. Voici en réalité ce qui s'est produit relativement à la construction de l'arsenal fédéral à Lindsay, à savoir que 9,550 sacs de ciment ont été retournés à la Canada Cement Co. par ce département qui a vu porter à son crédit par la Canada Cement Company les sacs retournés par lui. Toutefois, MM. Westinghouse, Church, Kerr & Co. avient reçu sur les achats de ciment toute la commission à laquelle ils avaient droit dans les circonstances et en vertu du contrat, et au sujet de laquelle aucune enquête n'a été instituée.

Copie annexée de la réponse des entrepreneurs.

Item (2) Solde due par la Y.M.C.A., $3,656.61.

Item (3) Commission de 10%, $1,565.66.

La Y.M.C.A. a proposé la construction à ses propres frais d'un édifice de $45,000. On a soumis les plans revisés à l'approbation du département, les premiers étant tenus pour trop dispendieux, et les travaux ont commencé. A ce sujet, les télégrammes suivants ont été expédiés au colonel Low.

" Veuillez vous conformer aux vues du colonel Osborne au sujet de la Y.M.C.A. et du reste." Datée du 2 juin. (Signé) Sam. Hughes.

"Voulez-vous avoir la bonté de vous conformer aux recommandations du général Logie au sujet de la Y.M.C.A. pour ce qui touche aux théâtres et autres concessions. Le colonel Deroche a pour mission d'approuver les plans et les emplacements des constructions qui, naturellement, devront être uniformes." Datée du 22 juin (Signé) Sam. Hughes.

A cette époque on refusait, vu l'absence d'autorisation, de faire aux entrepreneurs aucune avance de fonds, et ces derniers, pour éclaircir leur situation financière, ont perçu de la Y.M.C.A. la somme de $12,000.00, à titre d'acompte; or ces gens ont toujours prétendu qu'en agissant ainsi ils ne faisaient que se conformer aux directions du ministre et que le département avait à répondre des perceptions de fonds.

Le coût certifié de l'édifice et signé par M. F. G. Gubbidge, de la Y.M.C.A., a été de $17,222.27, sur quoi elle a versé $12,000.00.

The question involved is whether, if this balance of $5,222.27 is to be recovered from the Y.M.C.A., it is to be recovered by the contractors or by the Department of Militia and Defence, and in this connection please see copy of letter from contractors with their contentions in this regard. Meantime an Order in Council has gone forward for approval, giving the facts of the case and recommending under the circumstances as set forth that the balance of $5,222.27, as incurred on account of Y.M.C.A. construction at this camp, be written off by this department, as part contribution by the Government in acknowledgment of the beneficial and patriotic work of the Y.M.C.A. at this and other camp grounds.

Item (4) Commission of 10 per cent on deduction of $696. $ 69 60

This amount was paid by freight requisition and has no reference to the cost accounts, and payments to the contractor did not include 10 per cent on this amount.

Item (5) Vouchers for interest on overdue accounts Hydro-Electric Power Commission.. .. ..$204 99

" (6) Commission, 10 per cent.. .. .. 20 49

——— $ 225 48

Owing to lack of funds the contractors were not being paid progress payments and were at the limit of their financial resources. This charge is largely due to the inability of the department to make progress payments and there was some justification for the contractors' delaying the payment of these bills. Interest on these charges forms part of the cost of the work and was considered eligible for percentage.

Item (7) Demurrage on cars.. .. .. $ 174 00

" (8) Commission of 10 per cent.. .. .. 17 40

There was no trackage accommodation at Camp Borden when the work commenced. The sidings were very limited and over 300 cars of materials were piled in there on very short notice, and owing to the promiscuous placing of the cars demurrage was unavoidable. Three Canadian Pacific railway carloads of ties were shipped by Canadian Pacific railway for Grand Trunk loop.,

Before this account was paid, contractors wrote this department asking for instructions. Attached is copy of their letter and also of reply.

Item (9) Insurance underwritten by E. McMahon & Son. $ 816 38

" (10) Commission of 10 per cent.. .. .. 81 63

This insurance is for the workmen's compensation for work done at Sewell and Calgary.

This item should hardly be dealt with under this heading, and it is recommended that the Auditor General deal with it in conjunction with several other matters pertaining to insurance which he is understood to have under discussion with this firm.

Item (11) Amount allowed on wages shown on pay-lists. $ 205 21

Pay envelopes not called for were attached to the paysheets and submitted to the department, and amounts deposited to the credit of the Receiver-General, the total of the pay-list representing the labour supplied and work done by the contractors.

Il s'agit donc de savoir si la solde de $5,222.27, s'il faut la recouvrer de la Y.M. C.A., doit l'être par les entrepreneurs ou par le ministère de la Milice et de la Défense, et à ce sujet veuillez prendre connaissance de copie de la lettre envoyée par les entrepreneurs et qui renferme le point de vue de ces derniers. Dans l'entre-temps on a émis un arrêté aux fins d'approuver la perception de cette somme, avec exposé des faits et recommandation que, vu les circonstances telles qu'exposées, la somme de $5,222.27, partie des frais occasionnés par la construction de ce camp par la Y.M.C.A., soit accordée sans délai par ce département à titre de partie de la contribution du gouvernement aux fins de reconnaître le caractère bienfaisant et patriotique des entreprises de la Y.M.C.A. à ce camp ainsi qu'aux autres établissements de même nature.

Item (4) Commission de 10 pour 100 en déduction de $696.00		69 60

Cette somme a été versée pour frais de transport et ne se rapport nullement aux frais du coût, et l'argent versé à l'entrepreneur ne comprenait pas le 10 pour 100 de la somme ci-haut.

(5) Bordereaux relatifs à l'intérêt provenant des comptes passés dus en faveur de la Commission d'énergie Hydro-électrique...$	204 99	
(6) Commission de 10 pour 100	20 49	225 48

Vu le manque d'argent, les entrepreneurs ne recevaient aucune avance de fonds et étaient arrivés à la limite de leurs ressources financières. Cette dépense est en grande partie due à ce que le département s'est trouvé impuissant à faire des avances de fonds, et les entrepreneurs sont en quelque sorte justifiables d'avoir retardé à honorer ces comptes. L'intérêt provenant de ces dépenses devient partie constituante du coût de l'entreprise et a été considérée comme pouvant porter un pourcentage.

(7) Surestarie sur wagons	174 00
(8) Commission de 10 pour 100	17 40

Il n'existait aucune voie ferrée au camp Borden lors de la mise en train des travaux. Les voies de garage étaient en très petit nombre, et en peu de temps on y a accumulé plus de 300 wagons de matériel, ce qui fait que, vu la promiscuité des wagons, les frais de surestarie s'imposaient. 3 wagons C.P. chargés de traverses ont été expédiés par le C.P. à destination de la boucle G.T.

Avant le payement de ce compte, le département a reçu une demande d'instructions de la part des entrepreneurs. Ci-joint copie de cette lettre et de la réponse.

(9) Assurance garantie par E. McMahon & Son	816 38
(10) Commission de 10 pour 100	81 63

Cette assurance est destinée au fonds de compensation en faveur des ouvriers pour les travaux exécutés à Sewell et Calgary.

Cet item n'appartient pas ou presque à cette rubrique, et l'on recommande à l'auditeur général de le faire entrer avec nombre d'autres item relatifs à l'assurance qui doit faire actuellement l'objet d'échange de vues avec cette maison.

(11) Somme allouée pour gages, portés sur la liste des employés	205 21

Les enveloppes de paye non réclamées ont été attachées aux feuilles de paye et soumises au département, et les sommes déposées au crédit du receveur-général, le total de la liste de salaires représentant les frais de la main-d'œuvre et les travaux exécutés par les entrepreneurs.

Item (12) Farquhar Bros. Accounts	$87,521 20	
Plus 10 per cent	8,752 11	
	$96,273 30	
Bate & McMahon's commission (material)		$9,627 33
Commission on labour pay-list charged by Farquhar Bros		1,469 16

Unable to obtain satisfactory trade prices from local manufacturers, Farquhar was brought from Halifax, where he had given good satisfaction in a large amount of work. Farquhar bought at trade prices much lower than prices obtained from local manufacturers. At the same time plumbers could only be obtained from plumbing merchants in Toronto or elsewhere at exhorbitant wages, and it was arranged with Farquhar to bring foremen plumbers from Halifax, employ local plumbers where they could be obtained, and Farquhar would be given 10 per cent on the above. This enabled the work to be accomplished within the time limit by using a lot of labourers who were broken in as rough plumbers, and at the same time saved the department considerable money.

This is viewed in the nature of a sub-contract upon which the general contractors were entitled to their percentage and their profit.

Auditor General's Office, May 22, 1919.

Sir,—I am in receipt of your letter of the 14th instant, H.Q. 33-130-1, with reference to certain items allowed Bate, McMachon & Company on acount of Borden Camp construction. In reply, I may say with reference to the various items taken up in the memorandum attached to your letter, that your explanations can hardly be considered satisfactory.

1. Commission on $9,050.20 for cement sacks returned. You state that Messrs. Westinghouse, Church, Kerr & Co., were paid full commission on the cost of the sacks. This, I find, is not in accordance with the vouchers, as the amount received for the sacks returned appears to have been deducted from the accounts before any commission was paid. I have also made enquiries, and I find that with reference to the new Parliament Buildings, the value of the sacks returned is also deducted before any commission is adjusted.

2 and 3. Balance due by Y.M.C.A., $3,656.61; commission, $1,565.66. The explanation with regard to these items would appear to be satisfactory, provided an Order-in-Council is obtained for the amount.

5 and 6. Interest on overdue accounts and commission, $225.48. It is stated that this charge is due to the inability of your department to make progress payments which justified the contractors delaying the payment of their bills and incurring interest charges. With reference to this explanation, I would be pleased to have you inform me what were the circumstances which prevented the department making the payments, as it is not customary to allow contractors interest on any amounts unpaid on account of contract.

7 and 8. Demurrage on cars and commission, $191.40. From the explanation given by you, it would appear that this item should be charged against the Grand Trunk Railway, as it was mainly caused by the delay in the Grand Trunk carrying out their railway programme with reference to the Camp.

(12) Farquhar Bros.	Comptes	$ 87,521 20	
	Plus 10 pour 100	8,752 11	
		96,273 30	
Commission de Bate & McMahon (matériel)			$ 9,627 33
Commission sur la liste de salaires de main-d'œuvre réclamée par Farquhar Bros			1,469 16

Vu l'impossibilité d'obtenir des prix satisfaisants des manufacturiers du lieu, on a fait venir Farquhar de Halifax où il avait donné pleine satisfaction pour des travaux considérables. Farquhar obtint des prix fort au-dessous de ceux obtenus des manufacturiers du lieu. En même temps, impossible d'obtenir des plombiers si ce n'est chez les marchands plombiers de Toronto ou d'ailleurs et à des prix exhorbitants; on s'entendit alors avec Farquhar pour que ce dernier obtînt de Halifax un certain nombre de contremaîtres plombiers, recourût à ce qu'il pût obtenir de main-d'œuvre en plomberie quelque part que ce fût, avec l'entente que Farquhar reçût 10 pour 100 sur le tout. Cette mesure permit l'achèvement des travaux dans le temps prévu grâce à la présence d'hommes de peine ayant acquis un certain vernis dans la plomberie grossière, et permit en même temps au département d'économiser sérieusement.

Cette opération est considérée comme constituant un sous-contrat sur lequel les entrepreneurs généraux avaient droit à un pourcentage et à un profit.

Bureau de l'Auditeur général, le 22 mai 1919.

Monsieur,—J'accuse réception de votre lettre du 14 de ce mois, H.Q. 33-130-1, relativement à certains item alloués à Bate, McMahon & Company, au sujet de la construction du camp Borden. En réponse, je dois déclarer que, pour ce qui est des divers item compris dans le mémoire joint à votre lettre, vos explications peuvent difficilement être considérées comme satisfaisantes.

1. Commission sur $9,050.20 pour sacs de ciment retournés. Vous déclarez que MM. Westinghouse, Church, Kerr & Co., ont reçu leur commission entière sur le coût des sacs. Or, je me rends compte que cette affirmation ne cadre pas avec les bordereaux, l'argent reçu pour les sacs retournés apparaissant comme ayant été déduit des comptes avant le versement des commissions. J'ai d'un autre côté fait certaines recherches qui m'ont permis de constater que, pour ce qui touche aux bâtisses du nouveau parlement, la valeur des sacs retournés est là aussi déduite avant tout calcul de commissions à allouer.

2 et 3. Solde due par la Y.M.C.A., $3,656.61; commission, $1,565.66. Les renseignements relatifs à ces item semblent donner satisfaction, mais il importera d'obtenir un arrêté pour percevoir l'argent.

5 et 6. Intérêt sur comptes dus et commission, $225.48. Il est établi que cette dépense provient de ce que votre département n'a pu faire d'avances de fonds, ce qui a justifié les entrepreneurs de retarder le payement de leurs comptes et de s'exposer à encourir des frais d'intérêts. Ici, je vous serais obligé de me mettre au courant des circonstances qui ont mis le département dans l'impossibilité d'effectuer les payements, vu que ce n'est pas la coutume d'allouer aux entrepreneurs l'intérêt sur des sommes non versées et entrant dans le compte inhérent au contrat.

7 et 8. Surestarie sur wagons et commission, $191.40. D'après vos explications, il semblerait que cet item dût être imposable au Grand-Tronc, vu qu'il provient surtout du délai apporté par le Grand-Tronc à assurer la manutention de ce qui se rapportait au camp.

9 and 10. Insurance underwritten by E. McMahon & sons, $816.38, commission, $81.63. This is an item for insurance for the workmen's compensation for work done at Sewell and Calgary, and has been dealt with in previous correspondence. This amount cannot be allowed until further authority is obtained. I find, however, that the commission was not paid in this case.

11. Commission on wages shown on pay-lists afterwards refunded. I find on reference to the accounts of Westinghouse, Church, Kerr & Co., quoted by you, that the custom with regard to these items is to deduct them from the paylist before the commission is adjusted, and consequently, no commission is paid.

12. Farquhar Bros., commission on material supplied and on the labour paylists for that firm. With reference to this item, I find that the paylists show that Mr. James Farquhar was employed as a superintendent at $10 a day for the whole period, and I cannot see that any service was rendered by the firm of Farquhar Bros. The whole matter, apparently, was handled by a member of the firm, and he was paid as superintendent.

I have therefore to request that in making the payment on account of Connaught Rifle Range, the following items be deducted and refunded to the credit of the Receiver General:

Commission on cement sacks	$905 02
Insurance underwritten by E. McMahon & Son	816 38
Commission on unpaid wages	205 21
Commission on labour paylists charged by Farquhar Bros.	1,469 60

I am sir, your obedient servant,

WM. KEARNS, *Acting A. G.*

The Deputy Minister, Militia and Defence.

Department of Militia and Defence, Ottawa, May 30, 1919.

Sir,—Your letter of May 22 received in regard to the adjustment of Messrs. Bate, McMahon & Company's account for Borden Camp construction. As the appropriations for the year 1918-19 will lapse on the 31st May, 1919, Messrs. Bate, McMahon & Company have been paid the amount of $31,548.80 authorized by Order in Council, dated 21st March, 1919, P.C. 633, on account of Connaught Camp construction, and their cheque payable to the Receiver General for $3,396.21, the amount of the items to which you refer in your letter, has been accepted from them in return. Mr. Bate, in handing over this cheque, made a statement that it was paid without prejudice to his claim that any or all of these items be allowed, as he stated his intention of taking the matter up with you further. His cheque is, therefore, being held until I hear from him as to the result of his further interview with you. An Order in Council has been passed in regard to the Y.M.C.A. item.

I am, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

9 et 10. Assurance garantie par E. McMahon & Sons, $816.38, commission, $81.63. Il s'agit ici d'une assurance destinée à servir de compensation à la main-d'œuvre pour travaux exécutés à Sewell et Calgary et qui a été réglée dans un échange antécédent de lettres. Cette dépense ne peut être approuvée sans l'intervention d'une autorisation supplémentaire. Je me rends compte toutefois, que la commission n'a pas été versée dans ce cas.

11. Commission sur gages apparaissant sur les listes de salaires remboursés dans la suite. Je trouve, pour les comptes de Westinghouse, Church, Kerr & Co., dont vous faites mention, qu'il est de coutume à ce sujet de déduire ces données de la liste de salaires avant la détermination du chiffre de la commission et que, de ce fait, il n'est pas dû de commission.

12. Farquhar, Bros., commission sur du matériel fourni et sur les listes de salaires de main-d'œuvre pour cette maison. Quant à cet item, je trouve que les listes de salaires montrent M. James Farquhar comme agissant à titre de surintendant en raison de $10 par jour pour tout le temps des travaux, mais je ne réussis pas à trouver la somme de travail exécuté par la maison Farquhar Bros. Il semble que ce qui a été fait l'a été par l'entremise d'un membre de cette maison et que ce dernier ait reçu une compensation à titre de surintendant.

Je dois donc vous prier de faire que, en versant l'argent au sujet du champ de tir Connaught. on déduise les item suivants pour les reporter au crédit du receveur-général:

Commission sur sacs de ciment	$ 905 02
Assurance garantie par E. McMahon & Son	816 38
Commission sur gages non payés	205 21
Commission sur listes de salaires de main-d'œuvre réclamée par Farquhar Bros.	1,469 60

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *auditeur général suppléant.*

Le sous-ministre de la Milice et de la Défense.

MINISTÈRE DE LA MILICE ET DE LA DÉFENSE, Ottawa, le 30 mai 1919.

MONSIEUR,—J'accuse réception de votre lettre du 22 mai relativement au règlement du compte de MM. Bate, McMahon & Company, concernant la construction du camp Borden.

Vu que les crédits pour l'année 1918-19 seront périmés le 31 mai 1919, nous avons payé à MM. Bate, McMahon & Company la somme de $31,548.80 autorisée par arrêté en conseil daté le 21 mars 1919, C. P. 633, pour travaux au camp Connaught, et nous avons accepté d'eux en retour un chèque de $3,396.21 payable au receveur-général. C'est le montant des item auxquels vous faites allusion dans votre lettre.

M. Bate, en remettant ce chèque, a fait une déclaration à l'effet que ce paiement ne nuirait en aucune façon à son droit au paiement d'une partie ou du tout de ces item, car il disait qu'il avait l'intention de discuter la question de nouveau avec vous. En conséquence nous garderons son chèque jusqu'à ce que nous soyons au courant du résultat de sa nouvelle entrevue avec vous.

Un arrêté en conseil a été adopté concernant l'item du Y.M.C.A.

Je suis, monsieur, votre obéissant serviteur,

EUGÈNE FISET, *sous-ministre.*

A l'Auditeur général.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, July 8, 1919.

SIR,—In reply to your letter of the 22nd May, 1919, I have to inform you that in accordance with your decision, the contractors have been informed that the undernoted items are not allowed and are to be refunded by them:—

Commission on cement sacks	$ 905 02
Insurance underwritten by E. McMahon & Son in connection with camp construction works at Sewell and Calgary	816 38
	$1,721 40

Regarding the other items mentioned, viz:—

(1) Commission on unpaid wages	205 21
(2) Commission on labour paylists charged by Farquhar Bros.	1,469 60
	$1,674 81

(1) There may in some instances have been a little difference in the method of handling of such cases in the contract with Westinghouse, Church, Kerr & Co., but in effect the result was invariably the allowance of commission. In verbal discussion between your Mr. Stockton, the contractors, the chief accountant and director of engineer services of this department, the point made by your office is appreciated, but all things considered the net result from the contractors' point of view is unaffected, and it is considered that under the circumstances the contractors have a valid claim for the commission on this item.

(2) This commission was part of the arrangement made as between Bate, McMahon & Co. and Farquhar Bros., of which this department was cognizant. Haste in consummating construction of this camp was absolutely essential, and snap decisions on the spot had to be given with this end in view. Under other circumstances different arrangements would undoubtedly have been made, but in this case, as explained verbally to your Mr. Stockton, the arrangement made was in reality the most economical possible.

I have the honour to be, sir, your obedient servant,

EUG. FISET, *D.M.*

The Auditor General.

Thirty-ton Crane for Halifax Dockyard.

AUDITOR GENERAL'S OFFICE, OTTAWA, December 31, 1919.

SIR,—I beg to bring to your notice a payment of $1,097.35, made by cheque No. 9333, of the fiscal year ended March 31, 1919, to Drummond McCall & Co., Montreal, in settlement of their contract for a 30-ton crane for Halifax Dockyard. The contract price included cost of erection, but it appears from the vouchers sent me that the

MINISTÈRE DE LA MILICE ET DE LA DÉFENSE, Ottawa, le 8 juillet 1919.

MONSIEUR,—En réponse à votre lettre du 22 mai 1919, je dois vous informer que, conformément à votre décision, les entrepreneurs ont été avertis que les item ci-dessous ne sont pas autorisés et qu'ils doivent en faire le remboursement:—

Commission sur les poches de ciment	$ 905.02
Assurance écrite par E. McMahon & Son, relativement aux travaux de construction d'un campement à Sewell et à Calgary	816.38
	$1,721.40

Quant aux autres item mentionnés, savoir:—

(1) Commission sur des salaires non payés	$ 205.21
(2) Commission sur les listes de paie de la main-d'œuvre portées en compte par Farquhar Bros	1,469.60
	$1,674.81

(1) On a bien pu, dans certain cas, régler d'une manière quelque peu différente les questions de ce genre dans le contrat avec Westinghouse, Church, Kerr & Co., mais, de fait, les résultats ont été invariablement l'allocation d'une commission. Lors de la discussion de vive voix avec votre représentant, M. Stockton, les entrepreneurs, le comptable en chef et le directeur du service de génie de ce ministère, nous avons apprécié la position prise par votre bureau mais, tout considéré, les résultats définitifs, du point de vue auquel se placent les entrepreneurs, ne s'en trouvent pas modifiés et nous sommes d'avis que, dans ces circonstances, les entrepreneurs ont légalement le droit de réclamer la commission sur cet item.

(2) Cette commission faisait partie de l'entente conclue entre Bate, McMahon & Co. et Farquhar Bros., entente dont ce ministère avait pris connaissance. Il fallait absolument qu'on hâtât la construction de ce campement et il fallait prendre des décisions expéditives sur les lieux mêmes pour atteindre ce but. Dans d'autres circonstances on aurait sans aucun doute fait d'autres arrangements mais, dans le cas actuel, comme nous l'avons expliqué de vive voix à votre représentant, M. Stockton, l'arrangement le plus économique possible.

Grue de trente tonnes pour le bassin de radoub d'Halifax.

BUREAU DE L'AUDITEUR GÉNÉRAL, OTTAWA, le 31 décembre 1919.

MONSIEUR,—J'ai l'honneur de porter à votre connaissance un paiement de $1,097.35 fait par chèque No 9333 de l'exercice clos le 31 mars 1919, à Drummond McCall & Co., de Montréal, en règlement de leur contrat pour une grue de 30 tonnes à l'arsenal maritime de Halifax.

crane was erected by dockyard labour at an estimated cost of $2,200. The actual cost of erection, not the estimated cost, should have been used in the adjustment of the company's claim, and I shall be obliged if you will let me know your reasons for having charged only the estimated cost. It seems to me that for the purpose of audit a statement showing the actual cost should be sent to me.

DEPARTMENT OF THE NAVAL SERVICE, OTTAWA, January 21, 1920.

SIR,—With reference to your letter of the 31st ultimo, regarding the deduction of $2,200 from the account of Messrs. Drummond, McCall and Company, referred to as the estimated cost of erection of the 30-ton crane purchased for H.M.C. Dockyard, Halifax, N.S., I beg to inform you that the amount referred to *is not the estimated cost* of the erection of the crane, but the amount of the contract between Messrs. Drummond McCall and Company, Limited, and the Nova Scotia Construction Company, Limited, for the erection of the crane. On account of the interruptions at Halifax Dockyard, due to the fact that the wharf where the crane was being erected was in almost constant use by different vessels, the sub-contractors were unable to carry out the work, and it was necessary for the department to take it over. This was done upon the understanding with Messrs. Drummond McCall and Company, Limited, that the amount allowed should not exceed the amount of their contract with the Nova Scotia Construction Company, Limited, less the amount charged them by the sub-contractors for work already performed, namely, $72.35. The estimated cost of this work as submitted by the technical officers of this department was $2,000. *The actual cost is not known in this office at present,* but the matter has been taken up with the Halifax office, and an endeavour made to procure the figures covering the same.

Repairs to Trawlers and Drifters by Halifax Shipyards, Ltd.

AUDITOR GENERAL'S OFFICE, February 2, 1920.

SIR,—During the fiscal year ended March 31, 1919, the Halifax Shipyards, Ltd., in addition to other claims for repairs to steamers and submarines, were paid $5,122.64 for repairs to trawlers and drifters. This amount was arrived at by allowing the full outlay for labour and material plus a per centage on the total to cover profit and over-

Le prix du contrat comprenait les frais d'érection mais il appert, d'après les pièces justificatives qui m'ont été envoyées, que la grue a été érigée par des employés de l'arsenal maritime et que le coût approximatif en a été de $2,200.

Le coût des travaux d'érection proprement dits, non pas le coût approximatif, aurait dû servir lors de l'ajustement de la réclamation de la compagnie et je vous serais obligé de bien vouloir me faire connaître les raisons qui vous ont porté à ne porter en compte que le coût approximatif.

Il me semble que pour pouvoir apurer ce compte on devrait me faire parvenir un état donnant le coût véritable de ces travaux.

Je suis, monsieur,

Votre obéissant serviteur,

E. D. SUTHERLAND, *A.G.*

Le sous-ministre, Service Naval.

MINISTÈRE DU SERVICE NAVAL, OTTAWA, le 21 janvier 1920.

MONSIEUR, — En réponse à votre lettre du 31 décembre dernier concernant la déduction du montant de $2,200 du compte de *MM. Drummond McCall and Company* considéré comme étant le coût estimatif des travaux d'érection de la grue de 30 tonnes pour l'arsenal maritime S.M.C., à Halifax, N.-E., j'ai l'honneur de vous informer que le montant mentionné n'est pas le coût estimatif de l'érection de la grue, mais le montant du contrat fait entre *MM. Drummond McCall and Company* et la *Nova Scotia Construction Company, Limited,* pour l'érection de la grue en question.

Par suite des interruptions des travaux à l'arsenal maritime de Halifax, interruptions dues au fait que le quai où l'on érigeait la grue était constamment occupé par différents vaisseaux, les sous-entrepreneurs n'ont pas pu mener les travaux à bonne fin, et le ministère a dû nécessairement s'en charger. Ceci a été fait aux termes d'une entente conclue entre *MM. Drummond McCall and Company, Limited,* établissant que le montant alloué ne devrait pas excéder le montant de leur contrat fait avec la *Nova Scotia Construction Company, Limited,* moins le montant porté à leur compte par les sous-entrepreneurs pour les travaux déjà accomplis, savoir $72.35.

Le coût estimatif de ces travaux, tel que soumis par les fonctionnaires techniques de ce ministère, était de $2,000. Ce bureau n'en connaît pas actuellement le coût véritable, mais nous nous sommes mis en communication avec le bureau de Halifax pour nous en assurer, et nous tâchons d'obtenir les chiffres du coût de ces travaux.

Réparations aux "trawlers" et "drifters" par la Halifax Shipyards, Ltd.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 2 février 1920.

MONSIEUR, — A cours de l'exercice clos le 31 mars 1919, la *Halifax Shipyards, Ltd.,* en plus d'autres réclamations pour frais de réparations aux vapeurs et aux sous-marins, a reçu le montant de $5,122.64 pour redoubler des chalutiers et des balayeurs de mines.

Ce montant a été obtenu en ajoutant au plein montant du coût de la main-d'œuvre et des matériaux un pourcentage sur le total pour représenter le profit et les dépenses indirectes.

The Deputy Minister, Naval Service.

DEPARTMENT OF THE NAVAL SERVICE, OTTAWA, March 12, 1920.

SIR,—I have the honour to refer to your letter of the 2nd ult., and to inform you regarding the claims amounting to $5,122.64, paid to the Halifax Shipyards, Limited. that the amount of $454.50 shown on invoice amounting to $1,270.33, was covered by Order in Council No. 3142, dated December 21, 1918. The remainder of the payment being made up of four different jobs. for various vessels, was made without authority of Order in Council, as the respective amounts were under $5,000. Regarding the last paragraph of your letter, according to the regulations of this department. repairs of this nature are very carefully supervised, and claims for labour and material are confirmed. In connection with the repairs covered by the above mentioned claim. the officers responsible for the supervision of the work, have since been demobilized. and it is impossible to say in what manner their work was performed, but the fact that the accounts are certified as to the work having been performed, and the materials received, is assurance that their duties were performed as provided.

Departmental Supervision over Work Performed under Contracts on Percentage Basis.

AUDITOR GENERAL'S OFFICE, February 21, 1920.

SIR,—During the fiscal year ended March 31, 1919, cheques to the amount of $21,690.09 were issued in favour of The Reid Newfoundland Company for repairs and alterations to patrol boats attached to the Seagull Depot. The vouchers sent me in support of this expenditure show details of material used, but only a summary of the labour is given. Will you please let me know the nature of the investigation made by the department to ascertain that all the material charged for was used in connection with the repairs, etc., and that the labour summarized was actually performed. There are other accounts of last year of a similar nature to this one of the Reid Newfoundland Company, and I shall be obliged if you will let me know the form and extent of the investigation and examination to which these accounts were submitted in order to satisfy the department that the claims for material and labour were well founded and the prices charged were not exorbitant.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister, Naval Service.

Veuillez, s'il vous plaît, me dire si ces travaux ont été faits aux termes d'un contrat sanctionné par le Gouverneur en conseil, de même que les mesures prises par le ministère pour apurer le montant réellement dépensé à l'arsenal maritime de Halifax pour la main-d'œuvre et les matériaux.

Je suis, monsieur,

Votre obéissant serviteur,

Le sous-ministre, Service Naval. E. D. SUTHERLAND, *A.G.*

MINISTÈRE DU SERVICE NAVAL, OTTAWA, le 12 mars 1920.

MONSIEUR,—J'ai l'honneur de répondre à votre lettre du 2 avril dernier et de vous informer, relativement à la réclamation de $5,122.64 payée à la Halifax Shipyards, Limited, que le montant de $454.50 qui apparaît sur la facture se montant à $1,270.33 a été autorisé par l'Arrêté en Conseil, No 3142, en date du 21 décembre 1918. La balance de ce paiement représentant quatre travaux différents à divers bateaux a été faite sans avoir été autorisée par un arrêté du Conseil parce que les différents montants n'atteignaient pas le chiffre de $5,000.

Quant au dernier paragraphe de votre lettre, d'après les règlements de ce ministère les travaux de réparation de ce genre sont surveillés avec soin et les réclamations pour la main-d'œuvre et les matériaux sont vérifiées. Au sujet des réparations pour lesquelles a été faite la réclamation en question, les officiers qui ont surveillé ces travaux ont été depuis démobilisés et il nous est impossible de déclarer actuellement de quelle manière ils se sont acquittés de cette tâche, mais puisque les comptes ont été vérifiés en déclarant que les travaux ont été accomplis et que les matériaux ont été reçus, nous pouvons vous assurer qu'ils se sont acquittés de leurs devoirs comme il était entendu.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

Surveillance départementale sur les travaux exécutés à l'entreprise sur la base du pourcentage.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 21 février 1920.

MONSIEUR,—Au cours de l'exercice clos le 31 mars 1919, des chèques au montant de $21,690.09 ont été émis en faveur de la Reid Newfoundland Company pour des travaux de réparation et de modification à des bateaux de patrouille affectés à la station Sea-Gull.

Les pièces justificatives qui m'ont été envoyées pour justifier cette dépense donnent des détails concernant les matériaux employés mais ne donnent qu'un résumé pour ce qui a trait à la main-d'œuvre.

Voulez-vous, s'il vous plaît, me faire connaître la nature de l'investigation faite par le ministère pour s'assurer que tous les matériaux portés au compte de ces travaux ont bien été employés pour ces réparations, etc., et que les travaux donnés en résumé ont réellement été exécutés.

Il existe d'autres comptes, pour le dernier exercice, semblables à celui-ci et touchant la Reid Newfoundland Company, et je vous serais obligé si vous vouliez bien me faire connaître la teneur et la portée de l'investigation et de l'examen auxquels ces comptes ont été soumis pour prouver à votre ministère que les réclamations pour les matériaux et pour la main-d'œuvre étaient bien fondées, et aussi que les prix demandés n'étaient pas exhorbitants.

Je suis, monsieur votre obéissant serviteur,

This is both supervised and checked by the responsible technical officers in charge of the work, before the accounts are certified and approved for payment.

Repairs to Two Submarines.

AUDITOR GENERAL'S OFFICE, January 24, 1920.

SIR,—I beg to bring to your notice a payment of $23,925.68 made during the fiscal year ended March 31, 1919, to the Halifax Graving Dock Company for repairs to two submarines at Halifax. This payment has been authorized by Order in Council dated December 6, 1918, on the following basis:—

> "Cost of labour plus 20 per cent for profit. Cost of material plus 10 per cent for profit. Plus 15 per cent on cost of material and labour and profit to cover overhead expenses."

The Order in Council states that a contract was entered into with the Graving Dock Company on these terms. I have not been furnished with a copy of this contract. The voucher sent me in support of the total payment shows details of labour and material but does not show the amounts claimed for profit and overhead expenses on the basis of the contract terms. I shall be obliged if you let me know by what method of examination and calculation the department ascertained that the total payment is in accordance with the Order in Council authorizing the company's claim.

I am, sir, your obedient servant,

DEPARTMENT OF THE NAVAL SERVICE, OTTAWA, March 18, 1920.

SIR,—With reference to your letter of January 24, relative to a payment of $23,925.68, made to the Halifax Graving Dock Company for repairs to two submarines. I regret that the circumstances have prevented an earlier reply being made to your query owing to the difficulty of ascertaining the exact facts as the company is now out of business and the officers in charge of the work performed have left the service and are not available. The circumstances appear to be as follows:—

MINISTÈRE DU SERVICE NAVAL, OTTAWA, le 12 mars 1920.

MONSIEUR,—J'ai l'honneur de répondre à votre lettre du 21 février dernier concernant des montants payés pour des travaux et des matériaux touchant des réparations à des vaisseaux de ce ministère, et de vous informer que la procédure suivie pour la surveillance des travaux de réparation aux vaisseaux consiste en une vérification, faite chaque jour par les officiers du bord, de la main-d'œuvre et des matériaux employés. Ces deux item sont surveillés et vérifiés par des fonctionnaires techniques responsables qui ont la direction de ces travaux avant que les comptes soient apurés et que le paiement en soit autorisé.

Réparations de deux sous-marins.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 24 janvier 1920.

MONSIEUR,—J'attire votre attention au sujet du paiement de la somme de $23,925,68, fait au cours de l'exercice clos le 31 mars 1919 à la Halifax Graving Dock Company, pour des travaux de réparations faites par celle-ci sur deux sous-marins à Halifax.

Le paiement de cette somme a été autorisé par arrêté du Conseil en date du 6 décembre 1918, d'après la base suivante:—

"Coût de la main-d'œuvre, plus 20 pour 100, pour profit.

Coût du matériel, plus 10 pour 100, pour profit.

Plus 15 pour 100 sur le coût de la main-d'œuvre, du matériel et les profits, pour les dépenses indirectes."

L'arrêté du Conseil stipule qu'un contrat a été signé d'après ces conditions avec la "Graving Dock Company". On ne m'a pas transmis une copie de ce contrat. La pièces justificative qu'on m'a fait tenir à l'appui du paiement de cette somme totale donne des détails au sujet de la main-d'œuvre et du matériel, mais elle n'indique pas les sommes réclamées à titre de profit et de dépenses indirectes telles que stipulées dans les termes du contrat.

Je vous serais très reconnaissant de me faire connaître les méthodes d'examen et de calcul par lesquelles le ministère a pu établir si la somme à payer s'accorde avec les dispositions de l'arrêté du Conseil autorisant les réclamations de la compagnie.

Je demeure, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND, *auditeur général.*

Le sous--ministre, Service Naval, Ottawa.

MINISTÈRE DU SERVICE NAVAL, OTTAWA, le 18 mars 1920.

MONSIEUR,—J'ai reçu votre lettre du 24 janvier relativement au paiement de la somme de $23,925.68 fait à la "Halifax Graving Dock Company" pour des réparations qu'elle a faites à deux sous-marins.

En réponse, je regrette que des circonstances m'aient empêché d'y répliquer plus tôt. Ces circonstances étaient motivées par la difficulté d'établir l'exactitude des faits, vu que la compagnie a cessé son commerce et que les officiers en charge ont abandonné les travaux, et, à l'heure actuelle on ne peut les rejoindre. Voici à peu près la situation à ce sujet:—

The department had an understanding during the war for repair work to be performed on the following basis:—

Cost of labour plus 10 per cent for profit.

Cost of material plus 20 per cent for profit.

Plus 15 per cent on cost of material, labour and profit to cover overhead expenses.

In this case, however, the company wrote the department, "that for submarine "work, which would take very little material, we could not undertake this work for "less than 20 per cent on labour and 10 per cent on material." The change in the charge was the subject of some correspondence at the time of letting the contract in April, 1918, but no definite arrangement appears to have been arrived at. The invoice was certified by Mr. Davey, R.N., Carpenter Lieutenant, Halifax Dockyard, and by Commander Tatton-Brown, for the Admiral Superintendent, and concurred in by the Consulting Naval Engineer as being correct. The report to Council, dated November 24, on which the Order in Council of the 6th December was based, was made out on the understanding that the revised terms offered by the company held good and it was not until December 23 that it was known that an agreement on the percentage charges to be paid had never been reached. Application has been made to Messrs. Brookfields who previously owned the Halifax Graving Dock Company, for records of the transaction, who state that they cannot make out new invoices on a percentage basis as they have been out of business for some years and their records are no longer available. Lieutenant Davey, who was in charge of the work and who originally certified the invoices as being correct has left the service and is not available. It is presumed that the charges are based on the percentage charge agreed on by the firm, i.e., 20 per cent on labour and 10 per cent on material, and the prices both for material and labour as shown on the invoices which have been carefully gone over and checked warrant this conclusion. The rates charged are equitable, both as regards material and labour. It was, therefore, considered that they should be paid as no exception can be taken to any of the charges made and as they have been certified both as regards material and labour by responsible, trustworthy officers, and the amount of the contract authorized by Council for the work has not been exceeded.

Appointments Conflicting with the Provisions of the Civil Service Act.

AUDITOR GENERAL'S OFFICE, June 19, 1919.

SIR,—I am in receipt of an Order in Council, P.C. 1180, dated the 7th of June, authorizing the appointment of Captain N. F. Parkinson, M.A., as Director of Vocational Training in the Department of Soldiers' Civil Re-establishment, the appointment to be at five thousand dollars per annum and to date from the 10th of January, 1919. I would be pleased to know whether a certificate has been issued by your commission for this appointment.

I am, sir, your obedient servant,

WM. KEARNS, *Acting A.G.*

The Secretary, Civil Service Commission.

Le ministère avait, pendant la guerre, conclu un arrangement pour des travaux de réparations et dont voici la base:—

"Coût de la main-d'œuvre, plus 10 pour 100, pour profit.
Coût du matériel, plus 20 pour 100, pour profit.
Plus 15 pour 100 sur le coût du matériel, de la main-d'œuvre et le profit, pour les dépenses indirectes."

Cependant, la compagnie écrivit au ministère à l'effet que "pour des réparations de sous-marins qui exigent très peu de matériel, il nous est impossible d'entreprendre ces travaux à moins de 20 pour 100 sur la main-d'œuvre et 10 pour 100 sur le matériel". Cette modification de la facture fit, à l'époque de la signature du contrat, soit en avril 1918, le sujet d'une échange considérable de correspondance, mais il semble que l'on n'ait pu en arriver à une entente définitive. La facture fut certifiée par M. Davey, M.R., charpentier de bord, lieutenant, Chantier maritime de Halifax, ainsi que par le commandeur Tatton Brown représentant l'Amiral-surintendant, et certifiée comme étant exacte par l'Ingénieur-consultant de marine.

Le rapport adressé au Conseil le 24 novembre, et destiné à servir de base à l'arrêté du Conseil en date du 6 décembre, a été préparé sur l'entente que les conditions révisées et offertes par la compagnie étaient en vigueur, et ce ne fut que le 23 décembre qu'on nous fit savoir que le contrat portant les pourcentages indiqués comme devant être payés n'avait jamais été conclu.

On a demandé aux Messieurs Brookfields, qui autrefois faisaient affaires sous le nom de "Halifax Graving Dock Company", de nous transmettre les dossiers relatifs à cette transaction. Ils nous ont répondu qu'ils ne pouvaient pas faire de nouvelles factures basées sur les pourcentages indiqués, à cause du fait qu'ils avaient cessé de faire des affaires depuis plusieurs années et qu'il serait très difficile pour eux de retracter leurs dossiers. Il nous aussi impossible de savoir où est le Lieutenant Davey qui était chargé de l'entreprise et qui a en premier lieu certifié les factures comme étant exactes et conformes. On croit que les factures sont basées sur les pourcentages acceptés par la compagnie, savoir: 20 pour 100 sur la main-d'œuvre et 10 pour 100 sur le matériel; cette opinion est confirmée par les prix du matériel et de la main-d'œuvre indiqués sur les factures qui ont été soigneusement étudiées et vérifiées. Les taux indiqués aux factures sont équitables, en tant qu'il s'agisse du matériel et de la main-d'œuvre. En conséquence, on a jugé qu'il serait à propos de payer ces comptes, étant donné qu'on ne peut s'objecter aux montants indiqués aux factures qui ont été certifiées, au point de vue du matériel et de la main-d'œuvre, par des officiers responsables et fiables, et que le contrat autorisé par le Conseil pour cette entreprise n'a pas été excédé.

Parkinson comme directeur de l'enseignement professionnel à un traitement de cinq mille dollars par année. En réponse je dois vous dire que vous semblez être sous une fausse impression relativement aux dispositions de la Loi du Service civil. Les nominations de ce genre sont gouvernées par l'article 15 et le paragraphe 2 de l'article 43, et aucune nomination ne peut être faite sans un certificat de la Commission du Service civil; et il ne peut être payé aucun traitement supérieur au maximum stipulé au paragraphe 3 de l'article 43 à moins que le crédit n'en soit

Commission; and no higher salary than the maximum of subsection 3, of section 43, can be paid unless the item is specially provided for by Parliament. As neither of these provisions appears to be carried out, I would request, as in my letter of the 2nd instant, that no payment be made to Mr. Parkinson until proper authority be obtained.

I am, sir, your obedient servant,

WM. KEARNS, *Acting A.G.*

The Deputy Minister, Soldiers' Civil Re-establishment.

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT, OTTAWA, July 31, 1919.

SIR,—I beg to acknowledge receipt of your communication dated July 10, in regard to the appointment of Captain N. F. Parkinson, as Director of Vocational Training, at a salary of $5,000 per annum, in which you point out that under the Civil Service Act, section 15 and subsection 2, of section 43, no appointments of this nature can be made except it be by the Civil Service Commission. It may be noted, however, that the Governor in Council, through the exercise of the powers conferred by the War Measures Act, 1914, has authority to make appointments of this nature, notwithstanding anything to the contrary contained in the Civil Service Act, 1918, and in this instance, giving consideration to the purely temporary character of the position to which Capt. Parkinson was appointed and to the desirability of appointing a returned soldier with a thorough knowledge of the work of Vocational Training, it was deemed advisable to recommend that the Governor in Council exercise such powers in appointing Capt. Parkinson. This was done by Order in Council, P.C. 1180, of the 7th of June, a copy of which has already been furnished you. Upon receipt of your letter dated July 10, the whole matter was submitted to the Deputy Minister of Justice with the request that he express his opinion as to whether or not the Order in Council in question was entitled to have effect, and I attach for your information copy of his reply dated July 22, in view of which it is requested that you authorize the payment of Capt. Parkinson's salary.

Yours faithfully,

R. M. STEWART, *for D.M.*

The Auditor General.

DEPARTMENT OF JUSTICE, OTTAWA, July 22, 1919.

SIR,—I have the honour to reply to your letter of the 14th instant and accompanying papers relating to a question as to the legality of Order in Council of the 7th June, 1919 (P.C. 1180), providing for the appointment of Capt. N. F. Parkinson, M.A.Sc., to the position of director of vocational training in your department, at a salary of $5,000 per annum. It appears that the Acting Auditor General takes the view that an appointment of this kind should be made by the Civil Service Commission under the authority of section 15 of the Civil Service Act, and that no higher salary than the maximum prescribed in subsection 3 of section 43 can be paid unless the money is specially voted by Parliament, as contemplated by section 43 (2); that in the circumstances no payment can be made to Capt. Parkinson until his appointment is made

spécialement voté par le Parlement. Vu que ni l'une ni l'autre de ces dispositions ne semblent pas avoir été observées, je vous prierais, ainsi que je l'ai fait dans ma lettre du 2 courant, de voir à ce qu'aucun paiement ne soit fait à M. Parkinson avant d'en avoir obtenu l'autorisation voulue.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A. G. suppléant.*

Le sous-ministre,
Ministère du Rétablissement des Soldats à la vie civile, Ottawa.

Ministère du Rétablissement des Soldats à la vie civile.

Ottawa, le 23 juillet 1919.

Monsieur,—J'ai l'honneur d'accuser réception de votre lettre en date du 10 juillet, relativement à la nomination du capitaine N. F. Parkinson, comme Directeur de l'Enseignement professionnel, à un traitement de $5,000 par année, dans lequelle vous prétendez que sous le régime de la Loi du Service civil, article 15 et paragraphe 2 de l'article 43, aucune nomination de ce genre ne peut être faite excepté par la Commission du Service civil elle-même. Cependant, il est à remarquer que le Gouverneur en conseil, en vertu des pouvoirs à lui conférés par la Loi des Mesures de Guerre, 1914, est autorisé à faire des nominations de ce genre, nonobstant toute disposition contraire contenue dans la Loi du Service civil, 1918, et dans le présent cas, en prenant en considération le caractère purement temporaire de la position à laquelle le capitaine Parkinson a été nommé, et l'opportunité de nommer un soldat de retour possédant une connaissance parfaite du travail de l'Entraînement professionnel, il a été jugé expédient de recommander au Gouverneur en conseil d'exercer tels pouvoirs pour la nomination du capitaine Parkinson. Il en a été ainsi fait par l'arrêté en conseil, C.P., 1180, du 7 juin dont une copie vous a déjà été envoyée. Sur réception de votre lettre en date du 10 juillet toute la question a été soumise au sous-ministre de la Justice avec prière d'exprimer son opinion quant à savoir si oui ou non l'arrêté en conseil en question devenait exécutoire, et pour votre renseignement j'inclus ci-joint une copie de sa réponse datée le 22 juillet, dont la teneur nous porte à vous prier d'autoriser le paiement du traitement du capitaine Parkinson.

Bien à vous,

R. M. STEWART,
Pour le sous-ministre.

L'Auditeur général.

Ministère de la Justice, Ottawa, le 22 juillet 1919.

Monsieur,—J'ai l'honneur de répondre à votre lettre du 14 courant et aux documents y contenus relativement à la question de la légalité de l'arrêté en conseil du 7 juin 1919, (C.P. 1180), à l'effet de nommer le capitaine N. F. Parkinson, M.A.SC., à la position de Directeur de l'Enseignement professionnel dans votre ministère à un traitement de $5,000 par année. Il semblerait que l'Auditeur général suppléant est d'opinion qu'une nomination de ce genre devrait être faite par la Commission du Service civil en vertu de l'article 15 de la Loi du Service civil, et qu'aucun traitement supérieur au maximum prescrit au paragraphe 3 de l'article 43 ne peut être payé à moins que l'argent ne soit spécialement voté par le Parlement, vu que c'est là l'objet de l'article 43 (2); que dans les circonstances aucun paiement ne peut être fait au

and payment of his salary authorized pursuant to the provisions above mentioned. On the other hand, you state that, while it is not specifically so stated in the Order in Council, it was the intention of your minister, in submitting his recommendation, that the Governor in Council should exercise the powers conferred by the War Measures Act, 1914, in making this appointment.

I am of the opinion that the Order in Council is entitled to have effect according to its terms, upon the view that it is within, and may properly be assumed to have been enacted in execution of, the powers conferred upon the Governor in Council by the War Measures Act, 1914.

I am, sir, your obedient servant,

W. STUART EDWARDS, *Acting D.M. of Justice.*

The Deputy Minister, Dept. Soldiers' Civil Re-establishment.

AUDITOR GENERAL'S OFFICE, September 18, 1919.

SIR,—In the pay-lists submitted by your department for the month of April, 1919, I find that salaries have been paid and increases have been given to members of your staff which have not been authorized by the Civil Service Commission. Please inform me why you have not obtained the necessary certificates before making these payments, or if you consider you are exempted therefrom state the sections of the Civil Service Act or other authority which exempts you.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister, Department of Soldiers' Civil Re-establishment.

AUDITOR GENERAL'S OFFICE, September 29, 1919.

SIR,—I would call your attention to my letter of the 18th instant in regard to the salaries and increases of salary for your staff.

I would request an early reply.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister, Soldiers' Civil Re-establishment.

AUDITOR GENERAL'S OFFICE, November 14, 1919.

SIR,—I have again to call your attention to my letter of September 18 last, in which I asked for certain information in regard to the salaries and increases paid to your staff. Up to the present, I have not received any reply.

Will you kindly attend to this matter at once.

I am, sir, Your obedient servant,

I am, sir, your obedient servant,

The Deputy Minister, Soldiers' Civil Re-establishment.

capitaine Parkinson jusqu'au moment que sa nomination et le paiement de son traitement seront autorisés conformément aux dispositions susmentionnées. D'un autre côté, vous déclarez que, bien que la chose ne soit pas spécifiquement déterminée dans ledit arrêté en conseil, c'était l'intention de votre Ministre en soumettant sa recommandation, que le Gouverneur en conseil exerçât les pouvoirs à lui conférés par la Loi des Mesures de Guerre, en faisant cette nomination.

C'est mon opinion que l'arrêté en conseil doit être exécutoire selon ses termes, en considérant le point qu'il est dans les limites, et qu'il peut raisonnablement être censé avoir été décrété pour la mise en vigueur des pouvoirs conférés au Gouverneur en conseil par la Loi des Mesures de Guerre, 1914.

Je demeure, monsieur, votre obéissant serviteur,

W. STUART EDWARDS,
Sous-ministre de la Justice suppléant.

Rétablissement des soldats à la vie civile.

Bureau de l'Auditeur général, le 18 septembre 1919.

Monsieur,—Dans les bordereaux de paie soumis par votre ministère pour le mois d'avril 1919, je constate que des traitements ont été payés et des augmentations ont été accordées à des membres de votre personnel sans l'autorisation de la Commission du Service civil. Veuillez donc avoir la bonté de m'informer pourquoi vous n'avez pas obtenu les certificats nécessaires avant de faire ces paiements; ou si vous croyez en être exemptés veuillez citer les articles de la Loi du Service civil, ou toute autre autorité, qui vous en exemptent.

Je suis, monsieur,
Votre obéissant serviteur,

Monsieur,—Je désirerais attirer votre attention sur ma lettre du 18 courant relativement aux traitements et aux augmentations du traitement pour les membres de votre personnel.

Je vous demanderais une réponse prochaine.

Monsieur,—Il me faut de nouveau attirer votre attention sur ma lettre du 18 septembre dernier dans laquelle je vous demandais certains renseignements relativement aux traitements et aux augmentations de traitement payés aux membres de votre personnel. Jusqu'à cette heure je n'ai reçu aucune réponse.

Voudrez-vous avoir la bonté d'y accorder immédiatement votre attention.

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT, OTTAWA, November 22, 1919.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th September, to the deputy minister of this department, and to your further communications thereon of the 29th September, and the 14th instant. I must apologize that no acknowledgment of your first letter was sent to you. This was an oversight.

The reason a reply was withheld was that the matter of the staff of this department was before the Government and it was hoped that in the amendment to the Department of Soldiers' Civil Re-Establishment Act, 1918, a clause would be inserted empowering the department to handle its own staff. Parliament referred the whole matter to a special committee which held numerous sittings, and that committee brought in a recommendation approving of the insertion of the following authority in the Soldiers' Civil Re-Establishment Act, Amendment Act, 1918, that,—

> "Subject to the approval of the Governor in Council, the minister may make such regulations, from time to time, as he may deem necessary and advisable.
>
> "For granting authority to the minister, subject to rules and regulations approved by the Governor in Council, to employ such technical and special temporary staff as may be required to meet the special conditions that may arise in carrying on the work with which the minister is charged, notwithstanding the Civil Service Act, 1918, and amendments thereto, and other similar Acts bearing on the Civil Service of Canada, provided, however, that the rules and regulations referred to shall contain such appropriate provisions as are necessary to have such appointments from time to time as required certified by the Civil Service Commission."

The reason why it has been necessary for the minister of this department to ask for special authority is mainly owing to the temporary nature of the work of the department and to the fact that appointments to its staff have, in the majority of cases, to be made very quickly. When an appointment is recommended by an officer of the department to the head office, an appointee is secured, if possible, from the eligible lists of the Civil Service Commission. The minimum salary prevailing in the district for the class of work indicated is paid, on the understanding that if the appointee proves capable of efficiently carrying out the duties an increase of salary will result. This course has proved very much more economical to the Government than would the opposite course, i.e., that of appointing at a slightly higher salary at the beginning without any prospect of increase. A further economy has also been effected by reason of the fact that the employees under this arrangement take more interest in their work and thus are able to do more than would otherwise be the case.

If the Civil Service classification for other departments were to be made to apply to this department, it would be necessary for the department to engage a very much larger staff necesitating more accommodation, and not only greater expenditure but lesser efficiency would result.

The Civil Service Commission is quite aware of the somewhat acute situation of the department and has approved the bonus claims submitted. On the forms covering these claims the increases in salaries, to which you refer, are stated with the dates of such increases.

I can assure you that it is the desire of the department to be as economical as possible in regard to the payment of salaries, subject to the efficient conduct of the work of the organization.

I have the honour to be, sir,

Your obedient servant,

E. H. SCAMMELL, *Asst. D.M.*

The Auditor General.

MINISTÈRE DU RÉTABLISSEMENT DES SOLDATS DANS LA VIE CIVILE,

OTTAWA, le 22 novembre 1919.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 18 septembre adressée au sous-ministre de ce ministère, et de vos autres communications sur ce sujet des 29 septembre dernier et 14 écoulé. Je dois m'excuser qu'on n'ait pas accusé réception de votre première lettre. Cela s'explique par un oubli.

La raison pour laquelle on a différé de vous répondre, c'est que le gouvernement était à considérer la question de l'emploi du personnel de ce ministère, et on espérait que dans l'amendement à la loi de 1918, concernant le ministère du Rétablissement des soldats dans la vie civile, il serait inséré une clause autorisant le ministère à engager son propre personnel. Le Parlement a référé toute la question à un comité choisi qui a siégé plusieurs fois, et ce comité a présenté une recommandation approuvant l'insertion de l'autorisation suivante, dans la loi de 1918, concernant le ministère du Rétablissement des Soldats dans la vie civile, que,

"Sujets à l'approbation du Gouverneur en conseil, le ministre peut établir de temps en temps tels règlements, qu'il juge nécessaires et équitables.

"Pour accorder l'autorisation au ministre, sujette aux règlements approuvés par le Gouverneur en conseil, d'employer tel personnel temporaire de techniciens et de spécialistes dont on peut avoir besoin afin de faire face aux conditions spéciales qui peuvent surgir dans l'accomplissement de la besogne dont le ministre est chargé, nonobstant la Loi du Service civil de 1918, et ses amendements, et autres lois semblables ayant rapport au Service civile du Canada, pourvu toutefois, que les règlements mentionnés renferment telles dispositions appropriées qui sont nécessaires afin de faire certifier ces nominations par la Commission du Service civil à mesure que le besoin s'en fait sentir."

La raison pour laquelle il a fallu que le ministre de ce ministère demande une autorisation spéciale est surtout à cause de la nature temporaire de la besogne du ministère et du fait que des nominations à son personnel doivent, dans la plupart des cas, se faire avec beaucoup de célérité. Lorsqu'une nomination est recommandée par un fonctionnaire du ministère au bureau-chef, on trouve si possible un titulaire dans la liste de ceux qui sont éligibles de la Commission du Service civil. On paie le minimum des appointements dominants dans le district pour le genre de travail indiqué, d'après l'entente que si le nouveau titulaire démontre qu'il est capable d'accomplir avec efficacité ses fonctions, il aura une augmentation de ses appointements. Cette manière d'agir s'est révélée bien plus économique au gouvernement que la manière d'agir contraire, à savoir, celle de nommer un fonctionnaire à des appointements légèrement supérieurs au commencement, sans perspective d'augmentation. On a aussi effectué une autre économie par suite du fait que ceux qui sont nommés en vertu de cet arrangement s'intéressent davantage à leur travail et ils sont par là mis à même d'accomplir plus qu'ils ne le pourraient autrement.

Si la classification du Service civil pour les autres ministères s'appliquent à ce ministère, il serait nécessaire que le ministère engage un personnel bien plus nombreux, ce qui nécessiterait un local plus vaste, et non-seulement des déboursés plus considérables, mais il en résulterait une efficacité moins grande.

La Commission du Service civil connaît très bien la situation quelque peu aiguë qui règne au ministère et elle a approuvé les réclamations pour bonis soumises. Les augmentations de traitements dont vous parlez sont énoncées sur les formules couvrant ces réclamations, avec les dates de ces augmentations.

Je puis vous assurer que c'est le désir du ministère de pratiquer le plus qu'il lui sera possible l'économie, en ce qui concerne le paiement des traitements, sujets à la direction efficace du travail de l'organisation.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

E. H. SCAMMELL, *sous-ministre adjoint.*

AUDITOR GENERAL'S OFFICE, December 12, 1919.

SIR,—I am in receipt of yours of the 22nd ultimo., in reply to mine of the 18th of September, in which you were requested for information as to whether salaries and increases to members of your staff had been paid which had not been authorized by the Civil Service Commission.

I would infer from your reply that such was the case. If that inference be correct all such payments of salaries without their approval were illegal. In my opinion none of the reasons given by you was a justification for non-compliance with the requirements of the Civil Service Act. All the departments are expected to comply with the Acts of Parliament governing them no matter how inconvenient and it is the duty of this office to see that no payments are made that are irregular. The Civil Service Act was passed by Parliament for the governance of all the departments and no exception was made which would permit a department to ignore any of its clauses when found inconvenient. The amendment to the Soldiers' Civil Re-Establishment Act exempting you from certain of the requirements of the Civil Service Act did not become law until the 10th of November last and I have to request that the necessary steps be taken by you to legalize all changes made in your personnel before that date.

I would also point out that under this amendment to your Act authority is given under regulations to be approved by Council, for employment of certain technical and special temporary officers only but that such appointments shall be certified by the Civil Service Commission. Increases of salary will still require to be authorized by the Civil Service Commission and appointments be certified by them.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Deputy Minister,
Dept. Soldiers' Civil Re-Establishment.

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT, OTTAWA, December 22, 1919.

DEAR SIR,—Referring to your letter of December 12, I would direct your attention to the following considerations:—

(1) This department is dealing with a human problem of a very particular nature. The selection of its staff cannot, therefore, be in accordance with the same principles and procedure as applies in other Government work.

(2) This was recognized by the Special Committee of Parliament *re* Bill 10, during the last session of Parliament, which made a recommendation on this matter, covered by suggestion 18, and recommendation shown on page 52, in the Fourth and final report of this committee, the principle of which was approved by Parliament, as per paragraph "B," section 5, subsection 2, Bill 10, which is shown on page 59 of the committee's report, which I send you herewith.

(3) The department, which came into existence in February, 1918, carried on most of the activities of the Military Hospitals Commission, which as a commission, had been operating outside the provisions of the Civil Service Act since June, 1915. All the employees of the Military Hospitals Commission automatically became employees of the Department of Soldiers' Civil Re-establishment under the authority of the Act incorporating the department which ratified all acts of the minister up to the date it was passed.

BUREAU DE L'AUDITEUR GÉNÉRAL, 12 décembre 1919.

MONSIEUR,—Je reçois la vôtre du 22 dernier en réponse à la mienne du 18 septembre dans laquelle je vous priais de me donner des renseignements afin d'établir si on avait payé des traitements et accordé des augmentations de traitements à des membres de votre personnel, qui n'avaient pas été autorisés par le Commission du Service civil.

Je conclurais d'après votre réponse que tel a été le cas. Si cette conclusion est exacte tous ces paiements de traitements effectués sans son autorisation étaient illégaux. A mon avis, aucune des raisons que vous m'avez données vous justifiait de ne pas vous conformer aux exigences de la Loi du Service civil. Tous les ministères sont supposés se conformer aux lois du Parlement qui les régissent, peu importe les incommodités qu'elles leur causent, et ce bureau a pour devoir de voir à ce qu'il ne se fasse pas de paiements irréguliers. Le Parlement a adopté la Loi du Service civil pour la gouverne de tous les ministères et il n'a pas fait d'exception qui permettait à un ministère d'ignorer n'importe laquelle de ses dispositions lorsqu'il s'aperçoit qu'elle ne lui convient guère. L'amendement à la Loi du ministère du Rétablissement des soldats dans la vie civile vous exemptant de certaines exigences de la Loi du Service civil n'est pas devenue loi avant le 10 novembre dernier et je dois vous prier de prendre les mesures nécessaires afin de légaliser tous les changements effectués dans votre personnel avant cette date.

Je vous ferais aussi remarquer qu'en vertu de cet amendement à votre loi, l'autorisation est accordée en vertu des règlements devant être approuvés par le conseil, pour l'emploi seulement de certains fonctionnaires techniciens et spécialistes, mais que la Commission du Service civil certifiera ces nominations. Il faudra encore que la Commission du Service civil autorise les augmentations de traitements et qu'elle certifie les nominations.

Je suis, monsieur, votre obéissant serviteur,

E. D. SUTHERLAND, *A.G.*

Le Sous-ministre, ministère du
Rétablissement des soldats dans la vie civile.

MINISTÈRE DU RÉTABLISSEMENT DES SOLDATS DANS LA VIE CIVILE.

OTTAWA, le 22 décembre 1919.

CHER MONSIEUR,—En réponse à votre lettre du 12 décembre, j'attirerais votre attention sur les considérations suivantes:—

(1) Ce ministère s'occupe d'un problème humain d'une nature très spéciale. Par conséquent, le choix de son personnel ne peut pas se faire en conformité avec les mêmes principes et procédures qui s'appliquent dans les autres ministères du gouvernement.

(2) Le comité choisi du Parlement a reconnu ce point au sujet du bill 10, durant la dernière session du Parlement, il a fait une recommandation sur cette question, couverte par la suggestion 18, et par la recommandation indiquée à la page 52, dans le quatrième rapport final de ce comité, le Parlement a approuvé ce principe comme le témoigne le paragraphe "B", article 5, sous article 2, du bill 10, qui est indiqué à la page 59 du rapport du comité, que je vous envoie avec la présente.

(3) Le ministère qui a commencé à exister en février 1918, a accompli la plus grande partie de la besogne de la Commission des hôpitaux militaires, qui, en tant que Commission avait fonctionné en dehors des dispositions de la Loi du Service civil depuis juin 1915. Tous les fonctionnaires de la Commission des hôpitaux militaires sont devenus automatiquement des fonctionnaires du ministère du Rétablissement des soldats dans la vie civile, en vertu de l'autorisation de la loi constituant le ministère en corporation qui a ratifié tous les actes du ministre jusqu'à la date de son adoption.

From the inception of the Military Hospitals Commission the principle has obtained that employees are informed that their engagement is of a temporary nature, subject to termination on one month's notice, or payment of one month's salary in lieu thereof. This policy was adopted because the work was in the nature of a war activity and would rapidly diminish in volume soon after hostilities ceased. It was, therefore, considered not in the public interest to build up a large staff entitled to the privileges of the permanent Civil Service, but to place it on a basis such that the Government would not be embarrassed in reducing it generally, as a measure of economy, when the volume of work diminished.

(4) The new Civil Service Act came into existence about the same time that the department was established by Act of Parliament, and the commission found itself confronted with an exceedingly difficult task in the reorganizing of the Civil Service of Canada and meeting the requirements of the various Government departments as to staff.

(5) As the Civil Service Commission had to develop its administrative organization to meet the needs of the various departments, and some time would be required to do this, an arrangement was made between this department and the Civil Service Commission whereby appointments would be made by the department pending the building up of lists of eligible candidates for appointment by the Civil Service Commission.

(6) It is almost unnecessary to point out the ever-present and insistent necessity of dealing promptly and efficiently with the human problems which constitute the work of this department in behalf of ex-members of the forces. There exists no precedent for the work that is being carried on. It is, therefore, necessary that the department give particular consideration to the personal qualifications of its staff, and such consideration cannot possibly be given except by personal interview, and satisfactory information in this respect is not ascertainable by written examination.

(7) Owing to the lack of precedent for establishing the qualifications of staff to properly perform particular duties in the department, it became obvious before the work progressed very far, that the only way to develop an efficient staff was to appoint those whose qualifications, as to personality and in other respects, seemed to indicate that they would have ability to assume increased responsibilities in the organization as they learned by experience in the work. The principle was, therefore, established that those who indicated promise in this direction would be engaged at a low salary and if they were capable of discharging greater responsibilities efficiently, their salaries would be increased. As the volume of the work in the department could not be foreseen and it was essential that conditions which arose unexpectedly, requiring additional staff, be met without a moment's delay, it was obviously impossible to follow the established procedure with respect to the engagement of staff and increasing their salaries.

May your attention be directed particularly to the fact that when the Civil Service Act, 1918, came into existence, this department had been carrying on its work for practically three years and was a going concern faced with the necessity of carrying on its work in a manner that would meet the increasing demands for the administration of benefits in behalf of ex-members of the Forces, the number of whom being returned to Canada was increasing rapidly. No estimate of the number which would come under the care of the department could be made at that time, as this depended on the number of casualties in France, the rate at which they were returned to Canada from England, and the rate at which the C.E.F. was returned to Canada for demobilization. The difficulties in this connection are increased by the new duties constantly and unexpectedly being assigned to the department by the Government, pursuant to

Depuis le début de la Commission des hôpitaux militaires on a suivi le principe d'informer les fonctionnaires que leur emploi n'est que temporaire, sujet à cesser à un mois d'avis, ou du paiement d'un mois de traitement à la place. On a adopté cette manière d'agir parce que la besogne était de la nature d'une activité de guerre et qu'elle diminuerait rapidement peu après la fin des hostilités. On a donc considéré qu'il n'était pas dans le meilleur intérêt du public d'avoir un personnel nombreux ayant droit aux privilèges du Service civil permanent, mais de le placer sur une base telle que le gouvernement ne serait pas embarrassé pour le réduire d'une manière générale, comme mesure d'économie, lorsque la besogne diminuerait.

(4) La nouvelle Loi du Service civil a été établie à peu près en même temps que le ministère a été établi par une loi du Parlement, et la Commission s'est vue dans l'obligation de faire face à une tâche extrêmement difficile dans la réorganisation du Service civil du Canada et pour répondre aux besoins des divers ministères du gouvernement quant au personnel.

(5) Comme la Commission du Service civil a dû développer son organisation administrative afin de satisfaire les besoins des divers ministères, et que cela devait prendre quelque temps avant qu'il fût possible de le faire, on a conclu un arrangement entre ce ministère et la Commission du Service civil en vertu duquel le ministère ferait les nominations en attendant la préparation des listes des candidats éligibles pour des nominations par la Commission du Service civil.

(6) Il est presque inutile de faire remarquer la nécessité constante et immédiate de résoudre avec promptitude et avec efficacité les problèmes humains qui constituent la besogne de ce ministère en faveur des anciens soldats des forces. Il n'y a pas de précédent pour la besogne qui s'accomplit. Il faut donc que le ministère considère d'une manière particulière les qualifications personnelles de son personnel, et cela ne peut se faire autrement que par des entrevues personnelles, et il n'est pas possible d'avoir des renseignements satisfaisants à cet égard au moyen d'un examen écrit.

(7) Par suite du manque de précédent pour l'établissement des qualifications du personnel afin d'accomplir des fonctions spéciales au ministère, il est devenu évident avant que la besogne eût été bien avancée, que le seul moyen de développer un personnel compétent c'était de nommer ceux dont les qualifications, quant à leur personnalité et à d'autres égards, semblaient indiquer qu'ils avaient les aptitudes nécessaires pour assumer une augmentation de responsabilités dans l'organisation à mesure qu'ils apprendraient par expérience dans leur besogne. On a donc établi le principe que ceux qui donnaient des promesses d'aptitudes à cet égard seraient employés à des appointements faibles et que s'ils étaient capables d'accomplir avec efficacité des travaux engageant davantage leur responsabilité, leurs traitements seraient augmentés. Comme on ne pouvait pas prévoir la quantité du travail devant être accompli par le ministère et qu'il était essentiel qu'on fit face sans perdre un instant à des conditions qui surgiraient inopinément, ce qui nécessiterait un personnel supplémentaire, il était évidemment impossible de suivre la procédure établie en ce qui concerne l'engagement du personnel et l'augmentation de leurs traitements.

Est-ce que je puis attirer particulièrement votre attention sur le fait que lorsque la Loi du Service civil de 1918 a été établie, ce ministère avait accompli sa besogne pendant presque trois ans, et était une entreprise ayant à faire face à la nécessité d'accomplir sa besogne d'une manière qui répondrait aux demandes augmentant sans cesse pour l'administration des bénéfices en faveur des anciens soldats des forces, dont le nombre de ceux qui étaient rapatriés augmentait avec rapidité. Il était impossible alors d'évaluer le nombre de ceux qui seraient à la charge de ce ministère, vu que cela dépendait du nombre des pertes en France, le taux suivant lequel les soldats étaient rapatriés d'Angleterre, et le taux suivant lequel les F. E. C. étaient rapatriées au Canada pour y être démobilisées. Les difficultés à ce sujet s'augmentent par les nouvelles fonctions qui sont constamment et inopinément assignées à ce ministère par

the extension of additional benefits to ex-members of the C.E.F. In November, 1918, on the signing of the armistice, the department was faced with a huge problem; the Government having placed upon it the responsibility of placing ex-members of the Forces in touch with opportunities for employment. This was essentially a human problem, and the success or failure of the department's efforts depended entirely upon the adequacy of its staff as to personality and other qualifications and their number. As an instance of the situations that had to be met by the Department and which continue to a great extent today, and will continue probably for another year, I would cite an occurrence that happened shortly after the signing of the armistice: On ten days' notice the department was called upon to deal with the placement in touch with opportunities for employment throughout Canada of about 15,000 men who were unexpectedly returned to Canada from England for demobilization. On two days' notice at one time at Quebec, arrangements had to be made for the handling of 7,000 men in twenty-four hours through the clearing depot at Quebec. Instances of this sort could be multiplied indefinitely, and in each case the department has met the exigencies of the situation satisfactorily. Even after practically the entire C.E.F. has been returned to Canada, it is impossible now to foresee the volume of the personal services the department will be called upon to render to ex-members of the Forces respecting medical treatment, vocational retraining, the supply of artificial limbs and appliances which are all manufactured in the department's own factory at Toronto, and placement of ex-members of the forces in touch with opportunities for employment. This is illustrated clearly by the enclosed chart P-5, which shows the daily average of patients undergoing medical treatment. During April, 1919, the average number of patients treated each day by this department throughout Canada was 7,752. This has grown to 15,309 which is the average number of patients given medical treatment each day during the month of October, 1919.

Chart V-3, shows that during the month of May, 1919, the number of ex-members of the Forces undergoing training by the Vocational Branch averaged 10,934 per day. The average number undergoing training during the month of October, 1919, was 23,366 per day. Chart 1-3, shows that since its inauguration, immediately after the signing of the armistice in November, 1918, the Information and Service Branch of the department has placed in touch with opportunities for employment nearly 100,000 ex-members of the forces. To deal with emergent situations, emergent measures are necessary and this was more particularly essential with respect to administering benefits in behalf of ex-members of the C.E.F., because if this problem was not satisfactorily met by the Government, serious conditions of national significance would, doubtless, have resulted. This, as you know, has been a matter of serious concern with the Government and the people of this country ever since the return to Canada of the C.E.F. in large numbers.

Yours faithfully,

F. G. ROBINSON, *D.M.*

The Auditor General.

le gouvernement, à la suite de l'extension de bénéfices additionnels aux anciens soldats des F. E. C. En novembre 1918, à la signature de l'armistice, le ministère s'est vu dans l'obligation de faire face à un vaste problème; le gouvernement lui ayant dévolu la responsabilité de placer les anciens membres des forces en contact avec des chances d'emploi. Cela était essentiellement un problème humain, et le succès ou l'insuccès des efforts du ministère dépendait entièrement de la suffisance de son personnel en ce qui avait trait à la personnalité, aux autres qualifications et au nombre du personnel. Comme exemple des situations auxquelles le ministère devait faire face et qui continuent dans une grande mesure aujourd'hui et qui se continueront probablement durant une autre année, je citerais ce qui est arrivé peu après la signature de l'armistice: A dix jours d'avis on a demandé au ministère de s'occuper de mettre en contact avec des chances d'emploi dans tout le Canada environ 15,000 hommes qui étaient rapatriés inopinément d'Angleterre pour leur démobilisation. A deux jours d'avis il a fallu conclure des arrangements pour cette mise en contact, de 7,000 hommes dans vingt-quatre heures dans le dépôt d'évacuation à Québec. On pourrait multiplier les exemples de ce genre indéfiniment, et dans chaque cas le ministère a fait face aux exigences de la situation d'une manière satisfaisante. Même après que presque toutes les F. E. C. auront été rapatriés il est impossible de prévoir maintenant le nombre des services personnels que le ministère va être appelé à rendre aux anciens soldats des forces en ce qui concerne les traitements médicaux, la rééducation, la fourniture des membres et des appareils artificiels qui sont tous fabriqués dans la propre usine du ministère à Toronto, et la mise en contact des anciens soldats avec des chances d'emploi. Ceci est démontré clairement par le tableau P-5 ci-inclus qui indique le nombre moyen des patients sous les soins du médecin. Durant avril 1919 le nombre moyen des patients traités chaque jour dans tout le Canada a été de 7,752. Ce chiffre s'est élevé à 15,309, ce qui est le nombre moyen des patients sous les soins du médecin chaque jour durant le mois d'octobre 1919.

Le tableau V fait voir que durant le mois de mai 1919 le nombre des anciens soldats des forces suivant les cours de la division de l'enseignement professionnel a été, en novembre, de 10,934 par jour. Le nombre moyen de ceux faisant leur rééducation durant le mois d'octobre 1919 a été de 23,366 par jour. Le tableau 1-3 indique que depuis son inauguration, immédiatement après la signature de l'armistice en novembre 1918, la division des Renseignements et des Services du ministère a mis en contact avec des chances d'emploi 100,000 anciens soldats des forces. Afin de faire face à des situations fortuites, il faut prendre des mesures fortuites et cela a été plus particulièrement essentiel en ce qui concerne l'administration des bénéfices en faveur des anciens soldats des F.E.C., parce que si le gouvernement ne résolvait pas ce problème d'une manière satisfaisante, il en serait résulté sans aucun doute des conditions sérieuses ayant une importance nationale. Cela comme vous le savez a été l'objet de la plus grande appréhension pour le gouvernement et pour le peuple canadien depuis le rapatriement en grand nombre des F.E.C.

Fidèlement à vous,

F. G. ROBINSON, *D.-M.*

A l'Auditeur général.

ATTENDANCE CERTIFICATES ON PAY-LISTS.

AUDITOR GENERAL'S OFFICE, March 31, 1919.

SIR,—I am in receipt of a number of pay-lists from your department, the only certificate on which is "I hereby certify that this pay-list is correct to the best of my knowledge and belief" and is signed by the assistant director and the accountant of the unit. As, in many cases, both these persons are at a considerable distance away from the institution and have no actual dealings or supervision over the employees, this certificate is of no value. All pay-lists should be certified by a person actually in a position to do so, and should bear the certificate provided by section 45 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *A.G.*

The Secretary, Dept. of Soldiers' Civil Re-establishment.

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT, OTTAWA. April 3. 1919.

SIR,—Your letter of the 31st, addressed to the secretary of this department, has been passed to me for attention. It is noted that you require that all pay-lists should be certified by a person actually in a position to do so. In explanation of the existing procedure, I would say that all pay-lists for hospitals and other institutions operated by the department are prepared in the unit district office, and all information affecting pay of staff is furnished by the sub-offices and institutions to the unit office. These, in turn, are passed to the head office, Ottawa, with which rests the authority for all staff changes. The assistant director of the unit is notified by head office as soon as such changes are authorized. In many cases the assistant director's representative, or medical officer, may not even be aware of the actual salary authorized for the employees under their supervision.

I gather from your letter that what you require is a certification from an officer actually resident in the institution who can certify that every employee has been on duty during the period covered by the pay-sheet. This can, no doubt, be arranged, and on hearing from you that such certification, in addition to that of the Assistant Director and the Accountant, will be satisfactory, we will take immediate steps to have this furnished from every institution under the jurisdiction of this department.

I am, sir, your obedient servant,

A. J. PEEL, *Chief Accountant.*

The Auditor General.

CERTIFICATS D'ASSIDUITÉ SUR LES BORDEREAUX DE PAIE.

BUREAU DE L'AUDITEUR GÉNÉRAL, 31 mars 1919.

MONSIEUR,—Je reçois de votre ministère un certain lot de bordereaux de paye portant pour unique certificat "Je certifie par les présentes que le présent bordereau de paye est exact au meilleur de ma connaissance et de ma conviction", lequel certificat est signé par le sous-directeur et par le comptable de l'unité. Vu que, dans un grand nombre de cas, ces deux personnes sont à une distance considérable de l'institution, et n'ont réellement rien à faire avec la surveillance des employés, ce certificat n'a aucune valeur.

Tous les bordereaux de paye devraient être certifiés par une personne réellement en position de le faire, et devraint porter le certificat requis par l'article 45 de la Loi du revenu consolidé et de l'audition.

Je suis, monsieur,

Votre obéissant serviteur,

E. D. SUTHERLAND, *A.G.*

Au secrétaire, ministère du Rétablissement des Soldats dans la vie civile.

MINISTÈRE DU RÉTABLISSEMENT DES SOLDATS DANS LA VIE CIVILE,

OTTAWA, 3 avril 1919.

MONSIEUR,—On a appelé mon attention sur votre lettre du 31 mars, adressée au secrétaire de notre ministère. On a pris note du fait que vous exigez que tous les bordereaux de paye soient certifiés par une personne réellement en position de le faire. Afin d'expliquer la procédure actuelle, je dirai que tous les bordereaux de paye pour les hôpitaux et autres institutions régies par le ministère sont préparés par le bureau d'unité du district, et que tous les renseignements de nature à affecter la paye du personnel sont fournis au bureau de l'unité par les institutions et les bureaux locaux. Ces renseignements sont ensuite transmis au bureau principal, à Ottawa, lequel est revêtu de l'autorité nécessaire aux changements dans le personnel. Le sous-directeur de l'unité est averti par le bureau principal dès que ces changements sont autorisés. Dans un grand nombre de cas, le représentant du sous-directeur, ou l'officier médical, peuvent ignorer le salaire réel autorisé pour les employés soumis à leur surveillance.

Si j'ai bien compris votre lettre, ce que vous exigez c'est un certificat de la part d'un fonctionnaire réellement domicilé dans l'institution et pouvant certifier que chaque employé a été au travail durant la période à laquelle s'applique le bordereau de paye. Il n'y a aucun doute que cela peut se faire, et lorsque nous aurons été informés par vous que ce certificat, joint à celui du sous-directeur et du comptable, sera satisfaisant, nous prendrons immédiatement des mesures pour que ce certificat soit fourni par chaque institution sous la juridiction de notre ministère.

Je suis, monsieur,

Votre obéissant serviteur,

A. J. PEEL, *comptable en chef.*

A l'Auditeur général.

AUDITOR GENERAL'S OFFICE, May 3, 1919.

SIR,—I am in receipt of Mr. Peel's letter of the 3rd ultimo, replying to my letter of March 31, referring to the matter of the proper certification of pay-lists. If you can carry out the arrangement suggested in Mr. Peel's letter, to have an officer resident in each institution certify that the parties paid upon the pay-lists were actually employed and in attendance during the period for which payment is being made, it will be satisfactory to this office. It is understood, of course, that the assistant director and the accountants are competent to certify and will continue to certify as to authority for rates of pay, leave, etc.

I am, sir, your obedient servant,

WM. KEARNS, *Acting A. G.*

The Secretary, Dept. of Soldiers' Civil Re-establishment.

DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT, OTTAWA, May 8, 1919.

SIR,—Your letter of the 3rd instant, addressed to the secretary of the department, has been passed to me for attention. In accordance with your wishes I am taking immediate action to have an officer resident in each institution certify that the parties appearing on the pay-roll submitted to our assistant director, for payment, were actually employed and in attendance during the period for which payment is being made. The assistant directors and accountants are certainly competent to certify and will continue to do so as to authority for rates of pay, leave of absence, etc.

Yours very truly,

A. J. PEEL, *Chief Accountant.*

The Auditor General.

BUREAU DE L'AUDITEUR GÉNÉRAL, 3 mai 1919.

MONSIEUR,—Je reçois la lettre de M. Peel, datée du 3 avril dernier, en réponse à ma lettre du 31 mars, relativement à la certification convenable des bordereaux de paye. Si vous pouvez mettre à exécution l'arrangement suggéré dans la lettre de M. Peel, à l'effet qu'un fonctionnaire domicilié dans chaque institution puisse certifier que ceux dont les noms figurent dans les bordereaux de paye comme ayant été payés ont réellement été employés et ont été présents durant la période pour laquelle le paiement a été fait, cela sera satisfaisant pour notre bureau. Naturellement, il est entendu que les sous-directeurs et les comptables sont aptes à certifier et continueront à certifier quant à l'autorisation pour les taux de paye, les permis d'absence, etc.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. suppléant.*

Au Secrétaire, ministère du Rétablissement des Soldats dans la vie civile.

MINISTÈRE DU RÉTABLISSEMENT DES SOLDATS DANS LA VIE CIVILE,

OTTAWA, 8 mai 1919.

MONSIEUR,—Mon attention a été attirée sur votre lettre du 3 courant, adressée au secrétaire du ministère. Conformément à vos désirs, je prends des mesures immédiates pour qu'un fonctionnaire domicilié dans chaque institution certifie que ceux dont les noms figurent sur le bordereau de paye soumis à notre sous-directeur pour le paiement, ont été réellement employés et ont été présents durant la période pour laquelle le paiement est fait. Les sous-directeurs et comptables sont certainement aptes à certifier et continueront à certifier quant à l'autorisation pour les taux de de paye, les permis d'absence, etc.

A vous bien sincèrement,

A. J. PEEL, *comptable en chef.*

A l'Auditeur général.
